

CHOOSING YOUR HOMEOWNERS INSURANCE POLICY

1

A helpful guide when selecting homeowners insurance, including local rates and common questions.

Understanding Rates:

Insurance companies rate your home based on factors such as replacement costs, the city and/or county where you live, your claims history, your credit history, construction materials and local fire protection.

How to Find the Best Rate:

Shop for the company and agent that offer the best service for the best price. Compare prices. Different companies charge different rates. Get quotes from several companies before you buy. Make sure you understand what coverages and perils are included and that you're comparing equivalent policies.

Ask Your Agent the Following Questions:

- Am I in your lowest-priced company/tier? If not, why not?
- How can I get a better rate?
- What perils/coverage are excluded or limited in the policy?
- May I add the peril/coverage back into the policy?

Agents and Company Representatives:

Some agents may represent several companies, while some agents represent only a single company or company group. Some companies market their policies directly to consumers without using agents. To check as many companies' rates as possible, ask to see all the rates of all the companies the agent or company employee represents.

Before You Buy a Policy, Remember:

- In addition to costs, you should consider other important factors, such as the company's financial strengths and customer service.
- Never cancel your old policy until your new policy is effective. A policy becomes effective only when the insurer or its local agent binds coverage.
- Make certain you answer all questions on the application truthfully. Wrong information could cause an incorrect price quote or a denial or cancellation of coverage.

Ways to Save Money

You can save money on your premiums by increasing your policy deductibles.

However, you'll have to pay more out of pocket if you have a claim.

If you are offered a policy with a large deductible, consider whether you can afford to pay the amount for each claim you file.

You may qualify for discounts on your rate but remember not all companies offer the same discounts.

Discounts that may be available include but are not limited to:

- Impact-resistant (hail-resistant) roofs
- Dead-bolt locks and/or certain other security measures
- Approved electronic burglar alarms
- Smoke alarms, sprinkler systems and/or other fire prevention systems
- Age of your home
- Heating, electrical and/or plumbing updates
- Companion policies such as your auto policy with same company
- Senior citizens
- Personal property identification marking
- Credit Score
- Continued Policy Renewals
- Claims Free Discount

Market Assistance Program:

If you are having problems finding homeowners insurance, you should contact the Oklahoma Market Assistance Program (OK-MAP). OK-MAP can connect you with insurance companies that may be willing to cover your home. For more information, call (405) 842-9883. Web address—www.mapsprogram.com.

Risks Not Covered:

Reading the Exclusionary Provisions is very important. Homeowners coverage does not include floods, earthquakes, back up of sewer and water, home businesses, home daycare, identity theft, nuclear accidents or war. Flood coverage can be purchased separately through the National Flood Insurance Program (NFIP). Ask your agent or carrier for more information or you may contact the NFIP at: 1-888-CALL-FLOOD or www.floodsmart.gov.

Claims:

A policyholder can contact their insurance company and ask about filing a claim or how to file a claim. Companies cannot increase the premium, cancel a policy or refuse to issue or renew a policy solely because a policyholder inquired about making a claim or requesting information about making a claim. For policies in effect for more than 45 days, companies may not cancel, refuse to renew or increase the premium, solely because a first claim is filed against the policy. An insurance policy is intended to protect you from certain claims; however, it is not intended to offset minor claims or routine maintenance issues. Insurers may impose a surcharge or additional premium if you file multiple claims but companies are prohibited from surcharging for weather-related claims.

Cancellation and Non-Renewal:

There is a big difference between an insurance company canceling a policy and choosing not to renew it. Insurance companies can cancel a policy for the following reasons:

- You fail to pay the premium
- You have committed fraud or made serious misrepresentations on your application
- You willfully act in a way that increases any hazard that the policy insures against
- You violate any local fire, health, safety, building, or construction regulation or ordinance that increases hazards
- A change in the risk which substantially increases any hazard insured against
- The Commissioner determines that the continuation of the policy would place the insurer in violation of Oklahoma insurance laws
- The insured party is convicted of a crime having as one of its necessary elements an act increasing any hazard the policy insures against

Nonrenewal is a different matter. Either you or your insurance company can decide not to renew the policy when it expires. Companies shall give policyholders at least ten days notice prior to the date of cancellation and 30 days notice prior to the date of non-renewal. If you think the reason is unfair or want a further explanation, call the insurance company's consumer affairs division. If you don't get a satisfactory explanation, call the Oklahoma Insurance Department at 800-522-0071.

Rate Comparison Chart

Keep These Basics in Mind. This guide lists annual rates for four typical homeowners policies. The companies listed are those with the largest market share in Oklahoma that responded to a department survey. The sample policies may not match your home exactly, but they provide a way to compare prices among companies.

The premiums in this guide are not the exact amounts you will be quoted. Your premium will vary according to your individual circumstances.

Be sure to read your policy carefully! Make certain you understand your coverage.

Companies were asked to provide rates for their standard Homeowners program for each of the four scenarios shown using the following assumptions:

1. Policy Form HO-3 without any other optional coverages, debits, credits, etc.
2. The dwelling amount would be considered to be 80% (some companies require minimum 90 to 100%) of the dwelling replacement value.
3. The rates are for the most favorable fire protection class in the city.
4. A replacement cost policy including replacement for composition roof surfacing.

The cities used in the scenario are Oklahoma City, Tulsa, Lawton and McAlester.
