

Why Volunteer

It's challenging and rewarding.

You have the opportunity to help someone navigate the Medicare maze, save money on Medicare costs, or protect themselves against healthcare fraud. While obtaining on-going training, you'll learn the ropes of Medicare and be able to pass your knowledge on to those that need assistance.

You're part of a team.

Volunteers work with a committed team of staff and other volunteers.

Help make a difference in your community.

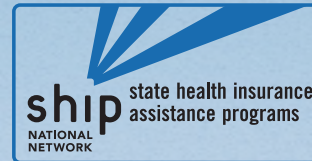

Empower Medicare beneficiaries in making informed, educated decisions about their health care choices.

about the MAP program.

“The main reason I enjoy being a volunteer with the Medicare Assistance Program at the Oklahoma Insurance Department is because I have the opportunity to help and inform the public about Medicare and other senior health insurance issues. The counseling I provide enables me a way to give back to the community the help they deserve.” - Rick J., volunteer

“What I have enjoyed most about being a volunteer with MAP? Seeing and hearing the appreciation expressed by those I help. They truly desire information to help them make informed decisions about their health care and they are appreciative of receiving the information.”

- Leroy C., volunteer
