

MULREADY SAYS

GET READY

TAKE THE PLEDGE

BEFORE THE STORM

Don't wait! Now is the time to GET READY for tornadoes and severe storms.

DURING THE STORM

Focus on keeping you and your family safe from extreme weather.

AFTER THE STORM

File your insurance claim quickly after the storm and secure your property.

Are You Ready?

There is no name or date on the next disaster, so we must be ready when it happens. As we move into another storm season, Commissioner Glen Mulready and the Oklahoma Insurance Department (OID) want to encourage more Oklahomans to **GET READY**. Being properly prepared for the next disaster will help you recover quicker. It's not a matter of if but when.

Take the challenge to GET READY

OID will provide everything you need to start your **GET READY** challenge. Go to OID.ok.gov/Consumers/GetReady. You will find a toolkit of resources for your organization to participate in this statewide challenge.

Top 5 Things to GET READY

- > Create an emergency plan at home and work
- > Create a home inventory and store it off-site
- > Gather key paperwork ahead of time and save to the cloud or off-site
- > Understand your insurance policy, and what it will and won't cover
- > Have a list of all medications, doctors, key contacts, etc.
