

# PLEDGE

**I am ready to take the Get Ready challenge and pledge to complete the following:**

- Create an emergency plan at home and work
- Create a home inventory (include photographs) and store it off-site
- Gather important paperwork and save to the cloud or off-site (insurance policies, banking information, credit cards, prescriptions, social security cards, birth certificates, etc.)
- Read over insurance policies to be clear on what it will or won't cover
- Have a list of all medications, doctors, key contacts, etc.
