**Note 1**: For Educational Prerequisites, qualifying courses must be those courses identified on the Core Curriculum set forth by the Appraiser Qualification Criteria promulgated by the Appraiser Qualifications Board of The Appraisal Foundation. With respect to Trainee appraiser applicants, all qualifying education must be completed within the five (5) year period prior to the date of submission of an application for a Trainee Appraiser Credential.

**Note 2**: For Scope of Practice considerations: A complex residential property is defined as a property consisting of one to four residential units that exhibits one or more atypical factors such as size, design characteristics, locational characteristics, physical condition characteristics, or ownership or exhibits non-conforming zoning, landmark or historical place designation, lack of appraisal data, or other similar unusual of atypical factors. (OAC 500:10-1-15).

**Note 3**: Credit towards qualifying education requirements may be obtained via the completion of a degree program in Real Estate from an accredited degree-granting college or university provided the college or university has had its curriculum reviewed and approved by the AQB.

**Continuing Education**: 42 hours of courses approved by the Board for continuing education taken during each three-year renewal period. Appraisers licensed by reciprocity must furnish an Original Letter of Good Standing from resident state in lieu of education.

**NOTE**: Appraisers must successfully complete the 7 hour National USPAP Update Course or its equivalent biennially between January 1 of odd numbered years and December 31 of even numbered years. Appraisers may not receive credit for completion of the same continuing education course offered within the appraiser’s continuing education cycle.

**Appraiser Qualifications Board Q & A**

**Question:**
I see that the Real Property Appraiser Qualification Criteria requires that all Qualifying Education be taken within five (5) years of obtaining a Trainee Appraiser credential. I am applying for a Certified Residential credential. Does this requirement apply to me? Appraiser Qualifications Board Q&A, Page 3 of 3, Vol. 6, No. 2 December 2014

**Response:**
No. The Real Property Appraiser Qualification Criteria only requires that applicants for a Trainee Appraiser credential complete their education within five (5) years of application. This requirement does not apply to those individuals applying for a Licensed Residential, Certified Residential or Certified General credential. However, be sure to check with your state appraiser regulatory agency as the state’s requirements may be more restrictive.

**INFORMATION, NOT ADVICE**

The REAB staff makes every effort to provide timely and appropriate advice to its licensees and to the public. In accomplishing this, the staff spends a large portion of available time on the phone answering questions. Please realize, however, that the staff is limited in this endeavor as we are administrators and not appraisers. Assistance can only be provided in the form of information, not in the form of advice or interpretations of statutes, rules or the USPAP. Illustrations are as follows:

- May refer callers to relevant portions of the Oklahoma Certified Real Estate Appraisers Act and the Board’s administrative rules and provide copies, but may not interpret them and may not waive or modify any requirement thereof.
- May refer callers to relevant portions of USPAP, but may not make interpretations of the standards or give advice on compliance.
- May provide a list of approved courses and schools with locations and telephone numbers and share any known information on courses scheduled, but may not recommend a school or course.
- May provide a list of appraisers in the state or in a particular geographic location, but may not indicate a preference for a particular individual or firm.
- May provide information and assistance regarding administration of the real estate appraiser program.

INFORMATION, NOT ADVICE – Continued from Page 3

If you have questions that are beyond the staff’s scope, send an e-mail to the Board at christine.mcentire@oid.ok.gov, presenting the question in as much detail as possible. An answer will be forthcoming.

Additionally, if the telephone line is busy, you will be switched to voice mail. The system will not give you a busy signal. If there is a hearing or board meeting or other function in progress and no one is at the phones, you will get voice mail. All calls are returned as quickly as practicable. This can range from several minutes to several days, but calls will be returned. Please do not leave voice mails on multiple extensions. This will result in return calls from multiple individuals.

This article was originally published, in part, in the Board’s January 2009 newsletter. I pass this along again as the information remains current as we experience the same issues and concerns today as we did then.
