

STOP HEALTH CARE FRAUD

HELP STOP MEDICARE FRAUD IN ITS TRACKS

Watch out for scam phone calls. If someone tries to get personal information or pressure you into something - **Hang up the phone!!**

If someone comes to your door and says they are with Medicare or some other health care company - **Shut the door...It is shrewd to be rude!!**

Shred unneeded Medicare, health care papers and other important documents - **Crooks go though the trash!!**

Remember to **“report”** suspected fraud, errors or abuse. Gather the facts & contact your MAP program.

Oklahoma Insurance Department
Insurance Commissioner John D. Doak

PROTECT.

The first step to preventing fraud is to protect your personal information.

DON'T give your information to anyone you don't know, even if they claim to be from Medicare.

DON'T print your Social Security Number on checks.

DON'T carry your Medicare card in a purse or wallet.

DETECT.

Read your Medicare Summary Notice (MSN).

This is a copy of the bill your doctor sends to Medicare. It's your responsibility to be sure the charges are correct.

Things to look for:

- Duplicate payments for the same service.
- Dates of service on the MSN differ from the dates you received the service.
- Items or services you do not have records of having received.
- Billing for medical equipment or services that your doctor did not order.

REPORT.

Above all... report discrepancies or any concerns you might have to our Medicare Fraud Helpline.

If you do not feel comfortable contacting the provider or if your concerns were not answered, call MAP at 1.800.763.2828 and we can assist you.

OKLAHOMA INSURANCE

DEPARTMENT

Commissioner John D. Doak

This publication, printed by Oklahoma Department of Central Services is issued by Oklahoma Department of Insurance as authorized by Commissioner John Doak. XXX copies have been prepared and distributed at a cost of \$XXX. This project was supported, in part, by a grant from the U.S. Administration on Aging, Department of Health and Human Services, administered by the Oklahoma Insurance Department, as authorized by Insurance Commissioner John D. Doak. Grantees undertaking projects under government sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official Administration on Aging policy.
