Repeating CE Courses Clarification

April 16, 2013

This is a reminder that Oklahoma Administrative Code 365:25-3-1(j) and 365:25-3-14(j) establishes rules prohibiting insurance producers and insurance adjusters from repeating continuing education courses within a twenty-four (24) month period. An insurance producer and insurance adjuster may repeat a course within the twenty-four (24) month period if the maximum credits designated for the course were not attained in the first attempt. By repeating the course, the producer or adjuster may not, during the twenty-four (24) month period, earn more than the maximum credits designated for the course. A producer or adjuster may repeat a course after two (2) years have elapsed and receive the maximum credits designated for the course.

Should you have any questions regarding this notice, please feel free to contact Erin Wainner, Senior Education Coordinator at erin.wainner@oid.ok.gov or Penny Vasquez, Education Assistant at penny.vasquez@oid.ok.gov.
