## SUMMARY OF REQUEST FOR ASSISTANCE

The Oklahoma Insurance Department handled over **50,391** complaints, claims and inquires during 2003. When dealing with these matters, consumers complete a Request for Assistance form. These forms are then catalogued, allowing our office to build a statistical base that helps forecast trends and problems with various sectors of the insurance industry. Whenever our Consumer Assistance and Claims Division receives a Request for Assistance, it enters information into the statistical base indicating (1) Complainant, (2) Complaint Against, (3) Type of Coverage, (4) Reason for Complaint, and (5) Disposition.

The statistics that follow reflect this information but do not indicate if the complaint, or claim inquiry had merit or whether it arose from an intentional or unintentional act. Nor do these statistics indicate the size of the complaint in terms of monetary impact to the consumer. Monies recovered for Oklahoma consumers during 2003 totaled **\$6,005,985**.

## Licensed Admitted Insurance Companies

The following section illustrates basic financial and other pertinent information concerning the approximately 1,500 insurers licensed as admitted carriers by the Oklahoma Insurance Department. An insurance company conducting business in Oklahoma does so only after thorough review of its financial condition, record of consumer-related conduct and any other matters that the Oklahoma Insurance Commissioner deems relevant. Most insurance policies written in Oklahoma are protected by the Guaranty Associations established to protect policyholders in the event an admitted company becomes financially insolvent.

## Lines of Insurance

**Life Insurance** – In exchange for a series of or a single premium payment, financial protection against the death of an individual in the form of payment to a beneficiary – usually a family member, business or institution. Upon the death of the insured, the policy's face value, minus outstanding policy loans and interest, is paid to the beneficiary.

**Accident and Health Insurance** – Insurance coverage for accidental injury, accidental death or sickness. Benefits can include but are not limited to hospital expenses, physician fees, pharmaceutical expenses, medical expenses and surgical costs.

**Property Insurance** – Indemnifies an insured whose property is stolen, damaged or destroyed by a covered peril. Typical lines include commercial property and contents, residential property and contents, and automobile insurance.

**Marine Insurance** – Insurance coverage for goods in transit and the vehicles of transportation on waterways, land and air.

**Vehicle Insurance** – Insurance against loss or damage to any land vehicle or other conveyance, or to the property therein from any hazard or cause, together with insurance against accidental death or injury to individuals occupying such vehicles.

## Licensed Admitted Insurance Companies

### Casualty Insurance –

Vehicle Insurance: See above definition.

Liability Insurance: Protects against legal liability for death, injury or disability to a human being or for damage to property.

Workers' Compensation Insurance: Employer's Liability Insurance for the death, disability or injury to employees while on the job or performing job-related tasks.

Personal Property Floater Insurance: Insures personal effects against loss or damage, regardless of the location of an insured. It can include children away at school. Items covered could include clothing, televisions, musical instruments, cameras, jewelry, watches, furs, furniture, radios and appliances.

Glass Insurance: Coverage on an all-risk basis for glass breakage, subject to exclusions of war and fire.

Boiler and Machinery Insurance: Covers losses resulting from the malfunction of boilers and machinery. This insurance is needed because it is excluded by most property insurance policies.

Burglary and Theft Insurance: Covers any loss or damage by burglary, theft or larceny.

Leakage and Fire Equipment Insurance: Protects against loss or damage to any property or interest caused by breakage or leakage of sprinklers, hoses, pumps and other fire extinguishing apparatus.

Credit Life/Health Insurance: Credit Life Insurance is issued to a creditor that promises repayment of a loan in the event of the borrower's death. Credit Health Insurance repays a creditor if the borrower is disabled, and as a result, cannot repay the debt.

Malpractice Insurance: Insurance that provides protections against loss arising from professional negligence.

Entertainment Insurance: Protects the producer of any motion picture, television, radio sports or other production, event or exhibition against loss from interruption, postponement or cancellation due to death, accidental injury or illness of performers, participants, directors or other principals.

### Surety Insurance –

- a) Insurance guaranteeing the performance of contracts, other than insurance contracts, and guaranteeing and executing bonds, undertakings and contracts of suretyship.
- b) Insurance indemnifying bankers, brokers and other financial corporations or associations against loss resulting from any cause to notes, bonds, securities, etc.

**Title Insurance** – Protects the participants to a real estate transaction from defects and deficiencies in the title being transferred to consummate the sale of such real estate.

**These definitions are of a general nature only. The specific definitions are found in the Oklahoma Insurance Code and specific coverage is governed by the Act.**
