

Insurance Commissioner
State of Oklahoma

2005 was a year of accomplishment for the Oklahoma Insurance Department. First and foremost, we have restored the public's confidence in our ability to perform our duties capably and honestly. Agency operations have been streamlined and technologies enhanced, assuring the efficient delivery of our various and extensive services. We have invited the input of consumers, industry and policymakers so that we may prioritize the improvement of those functions most important to those we serve. We have aligned staff training and performance measurements with intended results: to become the most efficient and consumer oriented agency in the state. Highlights of our accomplishments include:

- Our entire workforce participated in a yearlong comprehensive strategic planning process resulting in a shared goal to improve relationships with our customers – policyholders, industry, government and each other. Strategies were established and results measured, allowing every OID employee to share in the satisfaction of accomplishment and a job well done.
- The establishment of a consumer education outreach program took the Insurance Department to communities across the state, giving citizens an opportunity to interact directly with the Commissioner and Department staff members to address their insurance related concerns or questions. We, too, are educated from this effort. The high cost of health insurance is the most voiced concern of the citizens with whom we interact, and has become the focus of our public policy efforts statewide and nationally.
- Our Consumer Assistance and Anti-Fraud Divisions received nearly 40,000 inquiries in 2005. Their efforts to assist and protect our citizens resulted in the recovery of over \$10.7 million to policyholders. Planned expansion of both divisions in 2006 will allow us to further our fight against insurance fraud and provide greater assistance to Oklahomans.
- The insurance industry is indeed a partner in the prosperity of Oklahoma, generating roughly \$200 million in revenues through fees and taxes and employing over 50,000 of our citizens. We have established regular meetings with industry leaders to facilitate communication and promote a pro-business regulatory environment. In collaboration with the Oklahoma Department of Commerce, we are working to enhance industry job growth and attract industry enterprise to our state.
- State government provides enormous resources to business and our citizens. The Oklahoma Insurance Department has initiated partnerships with many state agencies including, to name a few: the Oklahoma HealthCare Authority; the Oklahoma Department of Labor; the State Department of Health; the State Department of Public Safety; the Office of Emergency Management, to more effectively bring these resources to our public. Additionally, we have worked closely with lawmakers to provide objective and reliable industry and consumer information to assist in their deliberation of sound public policy.

With pride in our accomplishments and gratitude for the opportunity to serve, I submit the 2005 Oklahoma Insurance Department Annual Report.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Holland", written in a cursive style.

Kim Holland
Oklahoma Insurance Commissioner

AG and OSBI.....	\$764,562
OID Funds.....	\$8,890,487

Licensed Admitted Insurance Companies

The following section illustrates basic financial and other pertinent information concerning the approximately 1, 500 insurers licensed as admitted carriers by the Oklahoma Insurance Department. An insurance company conducting business in Oklahoma does so only after thorough review of its financial condition, record of consumer-related conduct and any other matters that the Oklahoma Insurance Commissioner deems relevant. Most insurance policies written in Oklahoma are protected by the Guaranty Associations established to protect policyholders in the event an admitted company becomes financially insolvent.

Assets:	The value given to all of the company's available properties of every kind that may be used to pay its debts.
Liabilities:	The value given to all of the company's financial obligations.
Capital & Surplus:	The difference between the company's assets and its liabilities. This figure acts as a measure of net worth.
Oklahoma Premium:	The amount paid by Oklahoma policyholders for insurance from the company.
Oklahoma Claims:	The amount paid by the company to its Oklahoma policyholders from obligations arising from the company's insurance policies.
