

State of Oklahoma

Insurance Commissioner Kim Holland

Today's insurance industry is complex and has a direct effect on all Oklahomans. In an effort to simplify its complexities, the Oklahoma Insurance Department works with individuals, companies, agencies and organizations to educate consumers about the insurance industry and OID's role in regulating the industry and protecting the public.

Consumer outreach is an integral part of the Department's responsibilities, resources and services. Through consumer outreach we address a wide range of critical insurance issues, from Oklahoma's high number of uninsured, to the effects unhealthy lifestyles can have on the cost of health care and health insurance premiums, to the protection of seniors from individuals who might confuse them into making poor choices about their insurance needs, to protecting one's property from storm damage.

Our consumer outreach goals are to educate and inform consumers, to advance wise public policy, and to fulfill our responsibility as good stewards of taxpayer dollars. In 2006, we moved forward with several initiatives which will remain ongoing, including:

Summit on the High Cost of Health Insurance – By engaging health care stakeholders, the annual Summit produced policy recommendations to increase access to affordable health insurance for the more than 560,000 uninsured working adults and 140,000 uninsured children in Oklahoma.

Climate and Loss Mitigation Conference – Featuring Oklahoma's world-class climate and weather resources, this event attracted national experts and a large, diverse audience. The conference emphasized the economic impact of climate and weather on insurance and highlighted many techniques and innovations to reduce these risks.

Project Rebuild – Project Rebuild provides financial relief to Oklahomans rebuilding their homes lost to tornados or wild fires. Partnering with Project Rebuild gives the Department opportunities to help those most in need while emphasizing the importance of having adequate homeowners insurance.

Road Show Tours – Road shows provide the Department opportunities to introduce our work through face-to-face interactions with the public and provide the public opportunities to interact with elected officials.

Insure U – Insure U, the National Association of Insurance Commissioners' principle consumer education program, teaches consumers in an entertaining way about insurance and the important role insurance plays in any individual's financial security. Insure U provides consumers with information about four different life stages and helps them sort through relevant insurance issues.

In the coming year, we will continue and expand our efforts with new programs to meet the growing needs of Oklahomans. With pride in our accomplishments and gratitude for the opportunity to serve, I submit the 2006 Oklahoma Insurance Department Annual Report.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Holland".

Kim Holland
Oklahoma Insurance Commissioner

Insurance Department Receipts Fiscal Year 2006

Total Receipts\$197,171,517

Distribution of Receipts – Less Escrow and Refunds:

General Revenue Fund.....\$2,096,354

Revolving Funds\$8,142,472

Federal Grant\$438,150

Total Expenditures\$8,917,702

Licensed Admitted Insurance Companies

The following section illustrates basic financial and other pertinent information concerning the approximately 1,500 insurers licensed as admitted carriers by the Oklahoma Insurance Department. An insurance company conducting business in Oklahoma does so only after thorough review of its financial condition, record of consumer-related conduct and any other matters that the Oklahoma Insurance Commissioner deems relevant. Most insurance policies written in Oklahoma are protected by the Guaranty Associations established to protect policyholders in the event an admitted company becomes financially insolvent.

Assets:	The value given to all of the company's available properties of every kind that may be used to pay its debts.
Liabilities:	The value given to all of the company's financial obligations.
Capital & Surplus:	The difference between the company's assets and its liabilities. This figure acts as a measure of net worth.
Oklahoma Premium:	The amount paid by Oklahoma policyholders for insurance from the company.
Oklahoma Claims:	The amount paid by the company to its Oklahoma policyholders from obligations arising from the company's insurance policies.
