

2018 annual **REPORT**

The Honorable Mary Fallin, Governor of Oklahoma
The Honorable Greg Treat, President Pro Tempore of the Senate
The Honorable Charles McCall, Speaker of the House
The Honorable Gary Jones, State Auditor and Inspector

I am pleased to present the Oklahoma Insurance Department's 2018 Annual Report. This report summarizes the required financial disclosures and listing of companies doing business in the state of Oklahoma. It also highlights the Oklahoma Insurance Department's continued efforts to protect consumers as well as the vitality of the insurance sector.

Each year, we work diligently to fulfill our mission "to protect and enhance the financial security of Oklahoma and Oklahomans." We achieve our goal by enforcing the state's laws and regulations, assisting Oklahomans with insurance problems and using innovation to improve services for both the insurance producers and consumers.

I am pleased to report that we continue to run our agency in an efficient manner. We've been under budget every year since I was elected in 2010. The Department's operations have produced \$46.5 million to be transferred from our fund for use by other state agencies. As a matter of maintaining public trust in this office, I have obtained an annual financial audit again have received a clean bill of health.

It is a privilege and an honor to serve the great state of Oklahoma. My staff and I are happy to answer any questions.

Respectfully,

John D. Doak
Oklahoma Insurance Commissioner

The Oklahoma Insurance Department is accredited by the National Association of Insurance Commissioners (NAIC) until 2020.

To achieve this accreditation, the Department must meet stringent national standards that demonstrate financial solvency regulation of insurance companies.

The accreditation principles set by the NAIC

allow the Department to better protect consumers and set and maintain the highest standards in financial regulation for Oklahoma's insurance industry.

Commissioner Doak and the staff of the Oklahoma Insurance Department view accreditation by the NAIC as an important part of our commitment to the citizens of Oklahoma.

Dear Citizens of Oklahoma,

As Insurance Commissioner, it has been my life honor to step into the arena of public service. I have endeavored to serve the people of Oklahoma in this role as your commissioner. Together, with the help of my tremendous staff, we have done just that. Not a day went by that we didn't wake up seeking to protect Oklahomans. Our efforts include fighting fraud before and after storms, investigating claims handling processes and educating Oklahomans about insurance.

This annual report continues to tell the story of the great job our office has done over the last year. Here are just a few of the highlights from the year that we are most proud of at the Department:

- Recovering more than \$3.2 million for Oklahoma consumers
- Passing landmark legislation that will make Oklahoma the center of the U.S. for Insurance Business Transfer transactions, which will undoubtedly add countless jobs to Oklahoma
- Hosting the state's first-ever Insurance Business Transfer Forum
- Seeing the newly filed discounts for consumers that build or retrofit their home to the IBHS FORTIFIED home construction standards
- Passing legislation to allow the Insurance Department to build and own our first building since statehood

The employees of the Oklahoma Insurance Department are not only passionate about their jobs but they are respected among their peers nationally. Our staff is dedicated to continually fighting for Oklahoma consumers' financial well-being each and every day. Like me, they will always serve Oklahomans first in all they do.

It has always been my goal to establish common sense policies that balance the interests of consumers and the insurance industry. By encouraging a competitive environment for insurers, we open the door to more quality products. We also aim to increase efficiencies that ease the burden on insurers and lower costs for everyone. If we do all these things we can accomplish our mission of protecting Oklahomans.

I appreciate the opportunity to serve as your Commissioner. If we can ever be of any help to you, please don't hesitate to contact my office at 1-800-522-0071.

Best,

about JOHN

DOAK

When he took office in January 2011, John Doak's goal was simple: Do everything possible to improve the lives of Oklahomans. He's done that with groundbreaking initiatives, fiscal conservatism and an unwavering commitment to public service.

Under Commissioner Doak's leadership, the Oklahoma Insurance Department (OID) has transformed itself into a proactive and mobile organization. His team fans out across the state to educate citizens before disaster strikes and offers assistance after it does. OID employees have responded to tornadoes, earthquakes, wildfires and ice storms to help victims quickly recover from catastrophe.

Commissioner Doak's visionary efforts include hosting the National Tornado Summit, an annual disaster preparedness conference for insurance professionals, emergency managers and meteorologists. With more than 5,000 attendees over six years, it is the nation's premier event for catastrophe response. His focus on disaster resiliency also earned him a trip to the White House to share best practices with experts from around the country.

Other accomplishments by Commissioner Doak include holding the state's first-ever rate hearing on earthquake insurance premiums, returning \$46.5 million in unspent funds to the

state treasury, attracting over 100 captives to Oklahoma and hosting a Healthcare Innovation Summit that offered cutting-edge solutions to the country's healthcare challenges. He has also testified in front of U.S. Senate committees seeking input on insurance fraud and the health care exchanges.

Commissioner Doak is an active member of the National Association of Insurance Commissioners where he serves as chair of both the Antifraud Task Force and the Midwest Zone. He is also a member of several committees including Executive, International Insurance Relations and Property and Casualty of which he is the former chair. Additionally, Commissioner Doak represents the NAIC with the Organisation for Economic Co-operation and Development and is a member of the FEMA National Advisory Council.

Commissioner Doak graduated from the University of Oklahoma with a Bachelor of Arts in Political Science. Shortly after college he launched a successful insurance business in Tulsa. Later, he served as an executive for several risk and insurance service companies including Marsh, Aon, HNI and Ascension.

Doak and his wife Debby live in Tulsa with their children, Zack and Kasey. They are members of the South Tulsa Baptist Church.

Helping North Carolina after Hurricane Florence

The Anti-Fraud Unit spent a week in North Carolina helping with disaster response after Hurricane Florence hit the area. The investigators worked with the North Carolina Department of Insurance visiting hard-hit communities. They talked to people with property damage about common fraud that happens after disasters and gave them information to report it or get more help. Investigators also visited several insurance camps in Kinston and Fayetteville, NC.

from the public as well as answering general insurance questions and educating Oklahomans through a variety of outreach efforts. The Consumer Assistance/Claims Division also provides critical assistance to policyholders after disasters strike.

Recovered for Oklahomans	\$3,326,828.16

FUN FACTS

- Consumer Assistance/Claims Division staff member Pamela Madden answered the most consumer phone calls in 2017. Pamela was able to respond to 2,632 consumer calls.
- The average time spent on a phone call is 3 minutes 20 seconds.
- Consumer Assistance staff members earned seven insurance regulator professional designations in 2017.

EMPLOYEE SPOTLIGHT

With 23 years of experience at the OID, Janet Jones has helped thousands of Oklahoma consumers as a Senior Processor/Reviewer in the Consumer

Assistance/Claims Division. Janet processes and facilitates external reviews. An external review is the last step in the appeals process if a person has been denied a health procedure or treatment under his or her health insurance plan. In 2017, the OID received 235 external review requests, and Janet processed 153 valid external reviews. The external review process allowed, based on the determination made by an independent review organization (IRO), more than 50 Oklahomans to receive care initially requested by their physicians.

& CLAIMS

The Consumer Assistance/Claims Division is staffed by 10 people with a wide range of insurance knowledge and experience. Through their dedication and hard work to help the people of Oklahoma, the Division has seen many success stories throughout the year.

SUCCESS STORIES

A man filed a complaint with

the OID after his claim for lightning damage to his property was denied. The insurance company initially denied the claim based on a third party's opinion that an appliance that was struck was not functioning properly due to wear and tear. After our office contacted the insurance company, the claim was reopened and reviewed. The claim was ultimately paid, and Consumer Assistance recovered almost \$4,000 for the consumer.

A couple in their 80s was

sold an annuity by a friend. The policy was unsuitable because of their age at the time of purchase. The insurance company advised that the couple signed all of the paperwork and agreed to the terms of the policy. Another friend of the couple contacted the OID on their behalf and pleaded for OID to intervene. Consumer Assistance was able to get the couple out

of the annuity contract and their \$40,000 returned.

A woman was involved in a

wreck, and her vehicle was a total loss. She could not afford the deductible on her insurance policy, and she was adamant that she had called and lowered the deductible. She reached out to the OID for help. The insurance company reported that she had not paid the premiums for a lower deductible, had not read policy and had not confirmed that it was correct, and therefore the policy deductible would remain at the higher amount.

Consumer Assistance asked for the entire claim file from the insurance company. It included transcribed telephone conversations of when the policy started and follow-up conversation regarding the deductible. After reading the conversations, it was

clear that the woman mentioned lowering the deductible, and the customer service representative told her what the charge would be, but never verified that she wanted the change made immediately. The insured also never asked about when she would have to make payment. The OID requested that the insurance company extend coverage for the loss at the lower deductible with the compromise that the woman agreed to pay the back premiums for that lowered deductible. Both parties agreed to the compromise.

COMMUNITY STORIES

Field Representatives at the OID serve an important mission to serve the community. One main focus is to teach citizens and communities about insurance-related issues. They work to educate consumers before and after disasters, in schools and at events across the state.

EDUCATING TEENS ABOUT INSURANCE

The OID is working to teach Oklahoma's young drivers about their actions behind the wheel through two programs:

INSURANCE 101 for Teen Drivers

Insurance 101

The Insurance 101 teaching module is designed for middle and high school students, and it shows how making bad decisions behind the wheel can hurt them financially as well as physically. It includes basic insurance terms, information on how driving records affect insurance rates and an interactive game. The course can be taught by teachers or by an OID field representative and it's free.

#JustDriveOK

New statistics show drivers aged 16-25 are the most likely to be distracted leading up to collision. That's why the OID launched the #JustDriveOK campaign. The campaign targets drivers in high school, and it asks them to take a pledge not to drive distracted. The OID field representatives travel around the state talking to students about the pledge and its importance. Students can take the pledge at justdrive.oid.ok.gov. Educators and parents can also find resources on the site like a teen driver contract and a list of apps to fight distracted driving.

insurance SERVICES OFFICE

The work of the Insurance Services Office (ISO) Division can help save Oklahomans money on property insurance. This division evaluates, educates and helps fire departments throughout the state improve their ISO rating.

HOW ARE ISO RATINGS DETERMINED

The ISO Program provides a nationwide standard for the rating system that ranges from 1 to 10. A Class 1 rating indicates superior protection, while a Class 10 indicates that the area's protection doesn't meet the minimum criteria. A community's rating depends on an evaluation of:

- Water supply system; the condition and maintenance of hydrants and the amount of water available
- Fire alarm and communication systems like telephone lines and dispatching systems
- Fire department staff, equipment and training

SUCCESS STORY

With the help of OID's ISO Division, the El Reno Fire Department improved its rating to a Class 2 Public Protection Classification. The rating means El Reno ranks in the top three percent of fire departments nationally and in the top two percent statewide.

The new classification makes El Reno only the 12th city in the state to earn the high ranking. Infrastructure improvements to the city, including an alternative water supply, helped the city earn the improved rating.

2018 Legislative Accomplishments

Every legislative session, OID works with state lawmakers to craft bills that benefit consumers and businesses. For OID, 2018 was another successful year at the Capitol. Gov. Mary Fallin signed nine OID-requested bills into law. Four of those bills are highlighted below.

Senate Bill 1101

creates a mechanism for insurers to transfer blocks of insurance business to an Oklahoma-domiciled insurer through a novation of the policies approved by both the Commissioner and the District Court.

OID HOSTS INSURANCE BUSINESS TRANSFER FORUM

Global insurance experts explained a new law that is expected to bring an economic boost to Oklahoma. The OID hosted the Insurance Business Transfer (IBT) Forum in Tulsa in August. The IBT law creates a way for insurers to transfer entire blocks of business to Oklahoma domestics. It went into effect Nov. 1.

“It was my pleasure to attend, and be a speaker at, the IBT Forum in Tulsa,” said Steve McElhiney, CEO, EWI Re, Inc. “Oklahoma’s new IBT act will be a catalyst for a variety of transactions which will serve to enhance the capital efficiency of the insurance industry. This will be transformative for the region as companies redeploy capital into Oklahoma.”

Commissioner Doak also announced OID’s commitment to helping companies manage the IBT process by naming OID Deputy Commissioner Buddy Combs the new Deputy Commissioner of Insurance Business Transfers.

ground BREAKING

The future of the Oklahoma Insurance Department is changing thanks to the work of legislators and state leaders. The Department's office will soon be closer to the State Capitol. A new building is under construction in Northeast Oklahoma City and will be located at 400 N.E. 50th St.

The construction project was made possible by the passage of House Bill 2308, authored by Rep. Kevin Wallace and Sen. Kim David. It allows the OID to own the building and lease the land from the Commissioners of the Land Office. The lease payments will then go directly to education beneficiaries.

As the OID is non-appropriated, construction costs will have no impact on the general revenue fund.
