## **Effective November 1, 2009: OK Continuing Education Guidelines**

---

Effective November 1, 2009, the Oklahoma Insurance Department's Continuing Education Guidelines will be revised to comply with those recently adopted by the National Association of Insurance Commissioner (NAIC).

As recommended by the NAIC, online continuing education providers must ensure all courses include review questions at the end of each chapter/unit. Online providers must prevent access to the final exam of each course until each set of review questions have been answered with a 70% passing score. The new guidelines will affect new and renewal course submissions. The Department will also begin using the new CER form as of November 1, 2009.

Oklahoma will also comply with section 2.4 of the NAIC CE Guidelines pertaining to National CE courses for the purpose of obtaining or retaining a professional designation.

Continuing Education providers will have until March 1, 2010 to comply with the new guidelines.
