# Kim Holland

## Insurance Commissioner

Kim Holland is the first woman elected Insurance Commissioner in Oklahoma state history. Elected to office in 2006 after being appointed by Gov. Brad Henry in January 2005 to fill an unexpired term, Holland has restored the integrity of the Insurance Department, bringing honesty and a vision of a completely transparent Department. A business woman and active civic volunteer before becoming insurance commissioner, she has a proven track record of consumer advocacy over more than two decades as an insurance professional.

Dedicated to serving consumers, Holland has expanded and improved the Insurance Department's responsiveness to Oklahoma citizens. Under her leadership, the Oklahoma Insurance Department has enhanced its accessibility through toll-free consumer hot lines, improved Internet communication and outreach programs across the state.

Insurance fraud prevention and protection are at the forefront of Commissioner Holland's priorities. She successfully worked to obtain law-enforcement status for the Department's Anti-Fraud Unit, allowing for more aggressive pursuit of wrongdoing. Since 2005, the Oklahoma Insurance Department has recovered millions of dollars for Oklahoma citizens.

A long-time advocate for affordable health insurance, Holland continually works to reduce costs and expand access to coverage. She is a former board member of the Oklahoma Health Care Authority and the Oklahoma State Employees Benefits Council. Her professional and public policy experience in health care and health insurance provides a strong backdrop to her commitment as commissioner to lead health policy reforms that guarantee all Oklahomans access to affordable healthcare coverage.

Commissioner Holland is the recipient of the statewide 2007 Public Service Champion of Health, which recognized her contributions to reducing the number of uninsured in our state.

Commissioner Holland believes in open, honest government and works every day to ensure public confidence in the work of the Insurance Department, and she continues to set an example of integrity, responsibility and accountability in public office.

**Accredited reinsurer** is an insurance company that indemnifies, for a premium, another insurance company against all or part of the loss that it may sustain under its policy or policies of insurance. The reinsurer, while not an “admitted” company, is “accredited” and must submit data comparable to that of a company seeking admittance.

**Discount medical plan organization** contracts, on behalf of plan members and in exchange for fees or dues, with a provider or provider network for access to medical services at a discounted rate. Discount medical plans are not insurance products.

**Life settlement/viatical broker** is an intermediary who brings together a policyowner wishing to sell a policy and a provider seeking to purchase it.

**Life settlement/viatical provider** serves as the purchaser in a life settlement transaction and is responsible for paying the client a cash sum greater than the policy’s cash surrender value.

**Motor service club**, a for-profit or non-profit organization, provides certain vehicle-related benefits which vehicle drivers or owners can enjoy.

**Multiple employer welfare arrangement (MEWA)** allows a group of employers collectively to offer health insurance coverage to their employees. A MEWA is most often found among employer groups belonging to a common trade or industry association or professional association.

**Pre-paid funeral benefit organization** assists individuals in the prearrangement of funeral services in exchange for the prepayment of the service. The prepaid funeral contract is negotiated between the buyer of the contract and the providing funeral establishment and may be funded through a prepaid funeral trust, annuity or insurance policy assignment.

**Professional employer organization (PEO)** provides outsourcing of payroll, workers’ compensation, human resources and employee benefits administration.

**Purchasing group** is a group of policyholders with similar risks who may group together to purchase liability insurance.

**Risk retention group** is a company licensed to provide liability insurance and is owned by its policy holders. Membership is limited to people in the same business or activity, spreading the liability exposure to group members. A Risk Retention Group provides an alternative risk financing mechanism for liability but is not covered by the Guaranty Association.

**Service warranty association** is licensed to issue service warranty contracts. Warranty contracts are agreements entered into between consumers and the service warranty association and include terms that cover the cost of repair or replacement of a product.

**Surplus lines insurer** offers property and casualty insurance coverage that is not available from insurers licensed in the state. Examples of surplus coverage include risks of an unusual nature, risks that exceed the indemnity limits of licensed insurance carriers and risks where the highest premium rates allowed by state regulators are considered inadequate by admitted companies. The surplus carrier, while not an “admitted” company, is authorized to transact business on a “non-admitted” basis and must submit a yearly request for approval. Surplus coverage is not protected by the Oklahoma Guaranty Association.

**Third party administrator (TPA)** is an organization that collects premium and adjusts and settles insurance claims for life or health insurance coverage, annuities or employee benefit stop loss. Under this arrangement, a TPA is performing a task traditionally handled by the company providing the insurance.
