ANNUAL REPORT 2019

OKLAHOMA INSURANCE DEPARTMENT

The Honorable Kevin Stitt, Governor of Oklahoma
The Honorable Greg Treat, President Pro Tempore of the Senate
The Honorable Charles McCall, Speaker of the House
The Honorable Cindy Byrd, State Auditor and Inspector

I am pleased to present to you the 2019 Annual Report of the Oklahoma Insurance Department (OID). This report is established by the provisions pursuant to subsection L of section 1111 of Title 47 of the Oklahoma Statutes and summarizes the activities of the OID for the fiscal year ending 2019.

This report highlights the work completed by the various divisions at the Oklahoma Insurance Department on behalf of the Oklahoma insurance consumers and includes the required financial disclosures and listing of companies operating in Oklahoma.

The Department efforts in 2019 furthered our consumer protection agenda centered on expanding access to health care, embracing technology, protecting Oklahomans from fraud, ensuring a fair insurance market and helping citizens to recover from flood and tornado damage. We look forward to continuing these and other consumer protection efforts in 2020.

Sincerely,

Glen Mulready
Oklahoma Insurance Commissioner

The Oklahoma Insurance Department is accredited by the National Association of Insurance Commissioners (NAIC) until 2020.
To achieve this accreditation, the Department must meet stringent national standards that demonstrate financial solvency regulation of insurance companies.
The accreditation principles set by the NAIC allow the Department to better protect consumers and set and maintain the highest standards in financial regulation for Oklahoma's insurance industry.
Commissioner Mulready and the staff of the Oklahoma Insurance Department view accreditation by the NAIC as an important part of our commitment to the citizens of Oklahoma.

Dear Citizens of Oklahoma,

I was sworn into office as the state's 13th insurance commissioner on January 14, 2019. It's been a fast and furious first year, and I've already learned some important lessons – lessons that will shape the rest of my term.

As Oklahoma's insurance commissioner, I, unfortunately, see firsthand the devastation of Mother Nature. I never dreamed I'd witness this in the first months of my tenure. Our state experienced historic natural disasters in May and June. With the devastating aftermath, the realization that so many did not have flood insurance, and the reality of a difficult recovery for so many, the lesson learned for my office and many Oklahomans: be ready.

While we in the insurance industry are all about mitigating risk and preparing for the worst, it is still a hard reality when you see a family digging through all their possessions – water-soaked, mold-covered and you know they did not have flood insurance. But, in all the turmoil of the flooding devastation, Oklahomans did what they do best. They pitch in. They help those who need it. And those who were affected are resilient in the face of a long road ahead.

Just a few weeks before the floods and tornadoes in our state, I launched the "Mulready Says Get Ready" initiative. The idea is that Oklahomans need to get ready for all types of life events from storm season to retirement – and insurance plays a vital role in all those events. We've expanded our website to include information that will help you "Get Ready," and I'm proud of this accomplishment.

With the "Get Ready" website in place, we're working on better educating Oklahomans on insurance in general. Also, as a department, we're focused on consumer protections now more than ever. We are proud that in the first half of 2019, $5.1 million has been recovered on behalf of Oklahomans. That's more than double for the entire year last year.

This is not what I've done on my own. Our Consumer Assistance/Claims Division is one of the most knowledgeable staff in the country. I am proud to work alongside them to prove my continued commitment to protecting the insurance-buying community.

While there have been hundreds of lessons learned – some big, some small – I am learning to not underestimate Oklahoma. I have a vision to make the Oklahoma Insurance Department a Top 10 Insurance Department, and we're making progress as a global leader already.

Under the new insurance business transfer (IBT) law that I co-authored while serving in the House of Representatives, Oklahoma is leading the way in the industry and the world. The law is a simple way for an insurance company to transfer a group of policies to an Oklahoma-based insurer after obtaining approval from both the Insurance Commissioner and the Oklahoma County District Court. The IBT law applies to all lines of business, and it includes strong protections for policyholders and claimants.

We're about to have our second IBT application filed. It's a big accomplishment for the first six months that could have long-term effects on Oklahoma.

I know there is a lot more work to do. Some of my department's other goals include:

- Identifying more cost savings – asking employees for ideas on how to improve certain processes within OID
- Reviewing the agency from top to bottom – finding problems, developing solutions and improving customer service
- Making information easier to access and understand – using clear and simple language and formats that are easy to read including redesigning our website to work better on mobile devices
- Rebranding OID to a more friendly state agency
- Providing Oklahomans with more insurance options
- Improve the insurance business climate through a free-market approach

We are working alongside Gov. Kevin Stitt to become more efficient, transparent, and accountable. We hope you see the change now and in the coming years and months.

Sincerely,

Glen Mulready

About Commissioner GLEN MULREADY

Glen Mulready became the 13th Oklahoma insurance commissioner after receiving 62 percent of the vote. He was sworn into office on January 14, 2019.

Glen is a recognized leader and champion in the insurance industry. Starting as a broker in 1984, Glen rose to serve at the executive level of the two largest health insurance companies in Oklahoma. In 2007, he joined Benefit Plan Strategies, a company helping businesses provide employee benefits and health insurance to their employees.

Glen has served as President of both the Tulsa and Oklahoma State Health Underwriters Associations and has been named State Health Underwriter of the Year.

In 2010, Glen successfully ran for state representative and quickly became the point person for the House of Representatives on insurance issues and was appointed chairman of the Insurance Committee after the 2014 elections. In this role, Glen passed legislation which resulted in more insurance companies offering service in the state, and he reformed the state employee insurance program to save Oklahoma millions of dollars a year while also saving thousands of dollars for those families. In addition, Glen authored and passed a plan which, when fully implemented, could save taxpayers one billion dollars in the state's Medicaid program over 10 years. These successes led to Glen being tapped for the leadership position of Majority Floor Leader in 2017.

Under Commissioner Mulready's leadership, the OID will move forward with his plan to expand insurance options, advance consumer safeguards, improve the insurance business climate through a free-market approach, combat insurance fraud and improve efficiencies within the agency.

Glen and Sally, his wife of 30 years, are the proud parents of three teenage sons, Sam, Jake and Will. In 2008, Glen and Sally were the recipients of Leadership Tulsa's Paragon Award for their work with Big Brothers Big Sisters. Glen is very active in the community having served on numerous boards and committees including Big Brothers Big Sisters, the Juvenile Diabetes Research Fund, March of Dimes, Shepherds Fold Ranch Christian Summer Camp, Crime Commission and Tulsa Tough.

RECORD-BREAKING SEVERE WEATHER

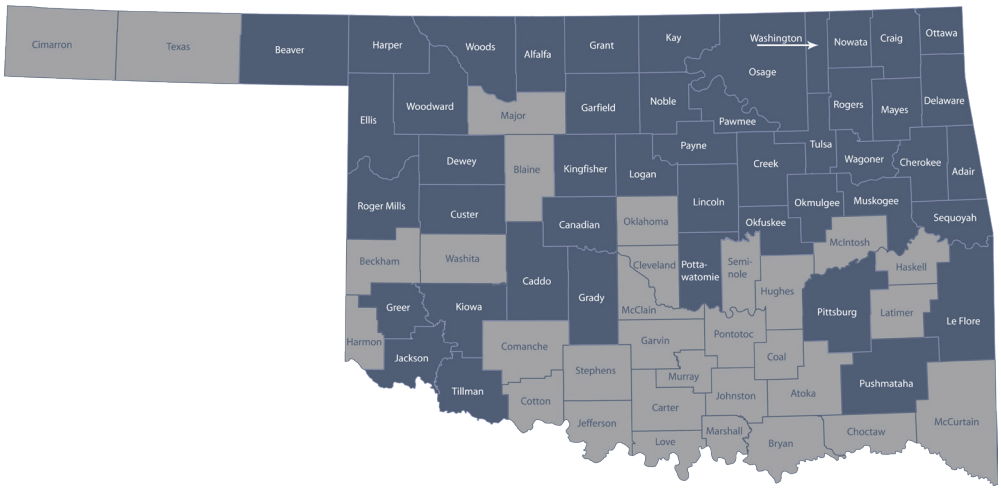

In 2019, Oklahoma saw record-breaking amounts of rainfall across the state with some communities receiving as much as a foot of rain.

DISASTER RESPONSE

OID issued a moratorium requiring all insurance carriers to withhold any cancellations for 30 days to protect storm victims. Field Representatives were in communities hard hit around the state explaining how to document damage, process claims and explaining flood insurance. Communications efforts were stepped up and several e-books were created to specifically address confusion with regard to severe weather and flood insurance. Seeing so many Oklahoman's destroyed by this historic flooding led Commissioner Mulready to launch "Mulready Says Get Ready" in an effort to get more Oklahomans storm ready long before the storm arrives.

EDUCATING TEENS ABOUT INSURANCE

The Insurance 101 teaching module is designed for middle and high school students, and it shows how making bad decisions behind the wheel can hurt them financially as well as physically. It includes basic insurance terms, information on how driving records affect insurance rates and an interactive game. The course can be taught by teachers or by an OID field representative, and it's free.

New statistics show drivers aged 16-25 are the most likely to be distracted leading up to collision. That's why the OID launched the #JustDriveOK campaign. The campaign targets drivers in high school, and it asks them to take a pledge not to drive distracted. The OID field representatives travel around the state talking to students about the pledge and its importance. Students can take the pledge at justdrive.oid.ok.gov. Educators and parents can also find resources on the site like a teen driver contract and a list of apps to fight distracted driving.

INSURANCE SERVICES OFFICE

The work of the Insurance Services Office (ISO) Division can help save Oklahomans money on property insurance. This division evaluates, educates and helps fire departments throughout the state improve their ISO rating.

HOW ARE ISO RATINGS DETERMINED?

The ISO Program provides a nationwide standard for the rating system that ranges from 1 to 10. A Class 1 rating indicates superior protection, while a Class 10 indicates that the area's protection doesn't meet the minimum criteria. A community's rating depends on an evaluation of:

- Water supply system: the condition and maintenance of hydrants and the amount of water available
- Fire alarm and communication systems like telephone lines and dispatching systems
- Fire department staff, equipment and training

SUCCESS STORY

With the assistance of the OID's ISO Division, the Tulsa Fire Department received a Class 1 rating from the ISO, the highest possible rating that measure how well the department can protect the city. The Class 1 rating places the TFD in the top tier of all fire departments in the country and joins three other fire departments in Oklahoma with the top rating. Commissioner Mulready congratulated the City, TFD, 911 Communications, the Water Department and other city government agencies for investing in the safety measures that made their Class 1 rating possible. The Class 1 rating is used by insurance companies to evaluate risk to the citizens and businesses in Tulsa and provides for an opportunity to lower premiums 3-8%.

PUBLIC POLICY

The Public Policy Division works closely with state lawmakers to represent the interests of the Commissioner and OID at the State Capitol. This division's goal is to request and support legislation that benefits consumers while also fostering a competitive insurance marketplace.

2019 LEGISLATIVE ACCOMPLISHMENTS

The Department's main focus in 2019 was encouraging more insurance options for consumers, specifically in the health insurance market. It was another successful year at the Capitol as Governor Kevin Stitt signed nine OID-requested bills into law. Six of those bills are highlighted below.

Senate Bill 1010

Reduces the amount of time an insurer or licensee is allowed to respond to an inquiry from the Department from 30 days to 20 days and is expected to cut down on the amount of time needed to resolve consumer complaints. The bill also makes it more difficult for individuals and entities to circumvent adjuster licensing requirements by prohibiting non-licensed individuals from obtaining power of attorney from claimants for the purpose of adjusting a claim without a license.

Senate Bill 943

Updates Oklahoma's Association Health Plan (AHP) laws to refer to federal rules which expand the types of associations which may sponsor an AHP and the types of employers which may join an AHP. For the first time ever, individual working business owners with no other employees would be allowed to join an AHP. Additionally, associations could be formed for the primary purpose of obtaining health insurance for members as long as there is a substantial business purpose for the association unrelated to health care, such as being in the same industry, line of business, trade, profession or geographic area.

PUBLIC POLICY

Senate Bill 993

Matches up Oklahoma law with federal rules related to short-term limited-duration insurance (STLDI) policies, defining them as individual health insurance with an expiration date less than 12 months after the original effective date and, taking into account renewals or extensions, having a duration of no longer than 36 months in total. This is a significant expansion from Oklahoma's previous law, which required STDLI policies to be nonrenewable and issued for no more than 6 months. Additionally, the bill requires applicants for an STLDI policy to be provided a notice that sets out the state-mandated benefits which are not included in the policy and the essential health benefits which are covered under the policy.

The Department also pushed for the passage of three important National Association of Insurance Commissioners model laws.

Chief of Staff/
First Deputy
Commissioner

Buddy Combs

Buddy.Combs@
oid.ok.gov

Main

HB 1060

Updates the Life and Health Insurance Guaranty Association Act to include HMOs in the association and to split assessments for future insolvencies of long-term care insurance carriers equally between life insurers and health insurers.

HB 2190

Requires large Oklahoma domestic insurers to conduct annual internal audits of their risk management, controls and corporate governance processes.

HB 2191

Enacts the Corporate Governance Annual Disclosure model act. The new law requires Oklahoma domestic insurers to annually submit to the Commissioner a Corporate Governance Annual Disclosure (CGAD), which is a summary of an insurer or insurance group's corporate governance structure, policies and practices intended to permit the Commissioner to gain and maintain an understanding of the insurer's corporate governance framework.

EMPLOYEE DESIGNATIONS

Under Employee Designations, replace text with - The OID encourages employees to expand both their regulatory and insurance knowledge by earning a professional designation or certification through the NAIC's Professional Designation Program! Designed to provide state insurance regulators at all staff levels with an opportunity for professional growth through completion of specific educational requirements, the NAIC-sponsored professional designation will recognize an employees expertise in insurance regulation.
