

2020 Annual Report

The Honorable Kevin Stitt, Governor of Oklahoma
The Honorable Greg Treat, President Pro Tempore of the Senate
The Honorable Charles McCall, Speaker of the House
The Honorable Cindy Byrd, State Auditor, and Inspector

I am pleased to present the Oklahoma Insurance Department's 2020 Annual Report. This report summarizes the required financial disclosures and listing of companies doing business in the state of Oklahoma. This report highlights the work completed by the various divisions at the Oklahoma Insurance Department on behalf of Oklahoma consumers.

In 2020, the Department furthered our consumer protection efforts centered on expanding access to health care, embracing technology, protecting Oklahomans from fraud and ensuring a healthy insurance market. We were faced with a pandemic and joined forces with several state agencies and the insurance industry to help our state combat COVID-19 and minimize potential regulatory burdens as insurers continued to serve policyholders.

We look forward to continuing these and other consumer protection efforts in 2021.

Sincerely,

Glen Mulready
Oklahoma Insurance Commissioner

The Oklahoma Insurance Department is accredited by the National Association of Insurance Commissioners (NAIC) until 2025. To achieve this accreditation, the Department must meet stringent national standards that demonstrate financial solvency regulation of insurance companies.

The accreditation principles set by the NAIC allow the Department to better protect consumers and set and maintain the highest standards in financial regulation for Oklahoma's insurance industry.

Commissioner Mulready and the staff of the Oklahoma Insurance Department view accreditation by the NAIC as an important part of our commitment to the citizens of Oklahoma.

LETTER FROM THE COMMISSIONER

Dear Citizens of Oklahoma,

I was sworn into office as the state's 13th elected insurance commissioner on January 14, 2019. It's been a very different second year of my first term as Insurance Commissioner.

The Oklahoma Insurance Department (OID) started strong in 2020, working towards our goals put forth my first year in office. We were excited to move into our new building in December. It is exciting because we now have more space to service our walk-in clients and public meeting space to benefit the people of Oklahoma. Then the pandemic hit and challenged us with transitioning our 125 employees to a remote working environment. I am so proud of our team who all made the adjustment and continue to work tirelessly to provide essential services to both the insurance industry and the Oklahoma consumers.

We joined forces with several state agencies and the insurance industry to help our state combat COVID-19 to minimize potential regulatory burdens as insurers continued to serve policyholders.

Some of the actions we've taken during the COVID pandemic:

- Created COVID-19 Insurance Information Page on the OID website.
- Direct health insurers to waive all cost-sharing for COVID-19 testing.
- Direct health insurers to waive all copays for telehealth services and reimburse the providers for the copay.
- Direct health insurers to not use preauthorization requirements as a barrier to access necessary treatment for COVID-19.
- Extend the normal 30-day grace period for non-payment of premiums to 60 days for life and health insurance.
- Extend the normal 30-day grace period for non-payment of premiums to 45 days for property and casualty insurance.
- Immediately cease all pharmacy benefit manager audits of pharmacies.
- Waived customer signature requirement for both pick-up and delivery of prescriptions during an emergency.
- Directed pharmacy benefit managers to not restrict a covered person's ability to select any pharmacy that is in the Administrator's pharmacy provider network, regardless of whether the network is a preferred provider.
- 60-day supply may be filled for a 30-day prescription.
- Implemented temporary licensing process.
- Extend the license renewal and continuing education deadlines for licensees.

- Direct property and casualty insurers to suspend all claims reporting deadlines for the duration of the emergency declaration and extend all policyholder rights or benefits related to deadlines until 90 days after the state of emergency ends.
- Asked medical professional liability insurers to relax state licensure requirements for out-of-state healthcare professionals.

OID continues to work hard and will focus on our FY21' goals which include:

- Complete a full agency business operation/process assessment
- Establish a monthly expanded leadership meeting with managers and supervisors
- Increase workforce development and leadership training opportunities for OID employees
- Further enhance the virtual presentation of
 1. Medicare fraud protection conferences,
 2. Internal/external communication initiatives and
 3. Consumer town hall events
- Provide 100% electronic payment across all programs
- Install new policy development and implementation process for agency staff and leadership

While we have been challenged during this unique time, I am not only proud of how OID has handled the pandemic, but how the people of Oklahoma have persevered.

One thing that we can learn from this shared experience is the need to work together and do our part carrying out the Oklahoma Standard and "Get Ready" for what comes next.

We will continue to work with Governor Kevin Stitt and policy holders to become more efficient, transparent and accountable.

Sincerely,
Glen Mulready
Oklahoma Insurance Commissioner

DIVISIONS

ANTI-FRAUD

RICK WAGNON

Anti-Fraud Chief

The Anti-Fraud Unit is made up of both CLEET certified peace officers and civilian support staff serving all 77 counties of Oklahoma. The unit is responsible for the investigation of white-collar financial crimes related to the insurance industry. The unit is also responsible for the investigation of administrative rule violations committed by licensed providers that fall under the authority of the Oklahoma Insurance Department.

PRIMARY MISSION

Producer Fraud - The investigation of regulated entities accused of violating administrative and criminal law.

SOURCES OF INSURANCE CRIMES

Producer Fraud: Crimes committed by a regulated entity against a consumer, i.e. fraud, embezzlement, exploitation

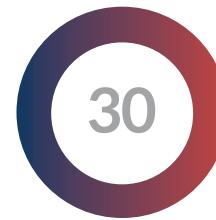

Consumer Fraud: Crimes committed by a consumer against an insurance company, i.e. fraudulent insurance claims, insurance fraud

THIS YEAR IN ANTI-FRAUD

COVID-19: Investigators adopted part-time telecommuting practices, utilized telephone interviews whenever possible, limited personal interviews and followed social-distancing guidelines.

ANTI-FRAUD UNIT IN ACTION

Our Anti-Fraud Unit received a complaint about an insurance agent who was creating fictitious homeowners and renters policies for the purpose of generating unearned commissions.

Upon review, OID discovered 310 renter's policies and 8 homeowner's policies written by that agent and then canceled back to their effective dates with NO premium payments received. That agent was paid for commissions he didn't earn to the tune of \$112,369.54. For more than three years, he was defrauding insurance companies.

The agent also participated in a "career development" program in which the defendant received monetary subsidies for meeting quarterly production requirements. Upon review, OID discovered unusual spikes in the last month of qualifying quarters, allowing the defendant to meet these requirements time and time again.

When confronted, the defendant surrendered his insurance license, entered a guilty plea in Oklahoma County District Court. He received a 7-year deferred sentence with two years DOC supervision and ordered to pay restitution of \$56,522.95. Through chargebacks to the agent's account upon his resignation, \$55,846.59 has been recovered.

FOREFEITURES

A bondsman posts an Appearance bond for the dollar amount set by the Court thereby guaranteeing the defendant's appearance in court. The bond may be forfeited if the defendant fails to appear and the full amount of the bond must be paid to the Court. For the third consecutive year, forefeitures have been reduced meaning we are receiving fewer complaints.

CONSUMER ASSISTANCE/CLAIMS

The Consumer Assistance/Claims Division of the Oklahoma Insurance Department is responsible for investigating complaints against insurance companies, agents and adjusters submitted by Oklahoma consumers. This division plays a vital role in carrying out the Oklahoma Insurance Department's mission to protect and enhance the financial security of Oklahoma and Oklahomans. The division is also responsible for answering general insurance questions on all lines of insurance and educating Oklahomans through a variety of outreach efforts. Additionally, if disaster strikes, the division provides insurance guidance and critical assistance to policyholders.

LESSONS FROM THE **PANDEMIC**

When you have a great staff, you don't have to worry. The Consumer Assistance/Claims Division was able to work at home safely during the pandemic by remotely answering phone calls and accessing their case files. It was very unusual not to see the friendly faces of co-workers daily, but it was comforting to know that we could still assist consumers with their insurance needs during a very stressful time.

CONSUMER ASSISTANCE/CLAIMS

EMPLOYEE SPOTLIGHT DIANE ROBBS

Diane has been a member of the Consumer Assistance/Claim Division team for over a year. She has an insurance background in both Life and Health and Property and Casualty insurance. A passionate consumer advocate, Diane has worked in the insurance industry for over twenty years. Before coming to the Department, she worked for State Farm Insurance Company as a claims adjuster, where she worked in the Med Pay area covering Oklahoma and Kansas. Diane also worked in the Property Damage Department, where she adjusted claims in ten different states. Diane really enjoys working for the State of Oklahoma, and in her short tenure at the Department she has already earned her Associate, Reinsurance Administration (ARA) insurance designation and is pursuing other designations. She is a kind-hearted and thoughtful co-worker who has never met a stranger. Diane can often be heard saying, "this is the best job ever." In the past year, she has answered 1394 phone calls and helped recover \$754,596.21 for Oklahomans. She enjoys helping consumers with their insurance issues and making a difference.

NOTES OF APPRECIATION:

Kenisha,

"Thank you so much for helping to resolve this matter. I had spent countless hours on the phone with the insurance company and until OID got involved, I could not get any results. This has been a big worry that has been solved."

Thanks again!

Ms. Jerome-Weir,

On behalf of my husband and myself, we wanted to personally thank you for all your efforts in securing a positive outcome to the reversal of my husband's denied health claim. If it was not for the excellent efforts of your office to intercede on our behalf, we would not have had the successful outcome that was due my husband.

We received a reimbursement check from the new provider for the full amount of the out-of-pocket expenses that were covered under our policy.

We are also in receipt of the letter copy your office sent from the insurance company and have saved that as closure on this matter.

Again, we wish to express our sincere thanks to you and your office for your tireless efforts to assist in the resolution of health insurance subscribers' complicated matters with their carriers in the State of Oklahoma.

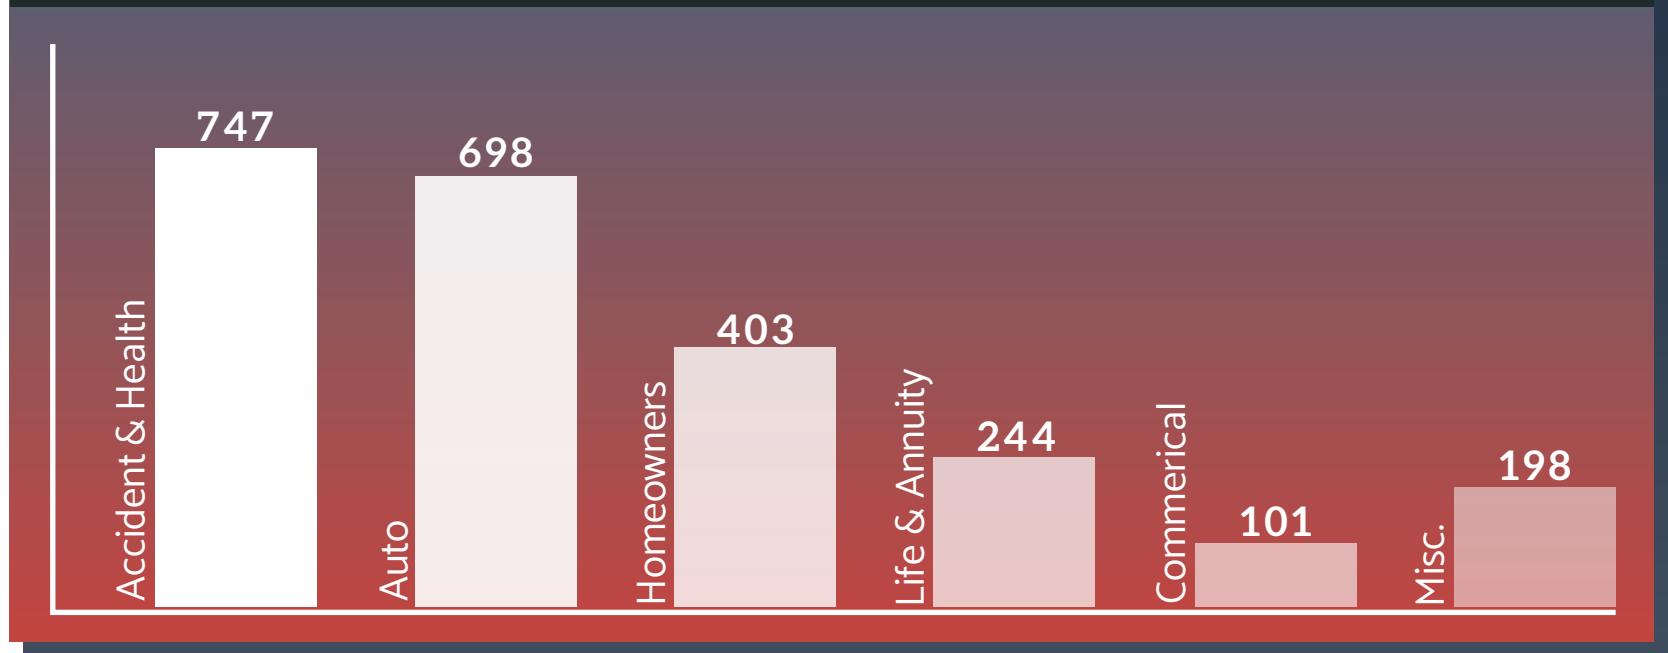

We will certainly call upon your services in the future should the need arise. Wishing you and your team a pleasant and safe day!

Best Regards.

FINANCIAL

ANDREW SCHALLHORN
Chief Actuary

The Financial Division monitors all insurance companies – financial conditions – both foreign* and domestic operating in the state of Oklahoma. This division is primarily responsible for conducting a thorough financial analysis of domestic companies and performing examinations on insurance companies & regulated entities. Other various regulatory compliance items that are monitored by Financial include: Anti-Fraud Assessments, Captive Insurance Companies, Certified Reinsurers, Accredited Reinsurers, Surplus Lines, Insurance Business Transfers (IBT), Health Maintenance Organizations (HMO), Risk Retention Groups (RRG), and Title Insurance Companies.

THE FINANCIAL ANALYST unit is charged with analyzing annual & quarterly statements for domestics within 1) NAIC guidelines, 2) Oklahoma state statutes and 3) Oklahoma rules/regulations. This function ensures that domestic insurers comply with financial solvency requirements for the protection of Oklahoma policyholders.

THE FINANCIAL EXAM unit's primary concern is solvency or the possession of assets in excess of liabilities of the following entities:

domestic insurers, pre-paid funeral home trusts, perpetual care funds, cemetery merchandising trusts, and captive insurance companies. Statutory Financial Examinations are conducted to ensure that regulatory compliance and solvency are maintained.

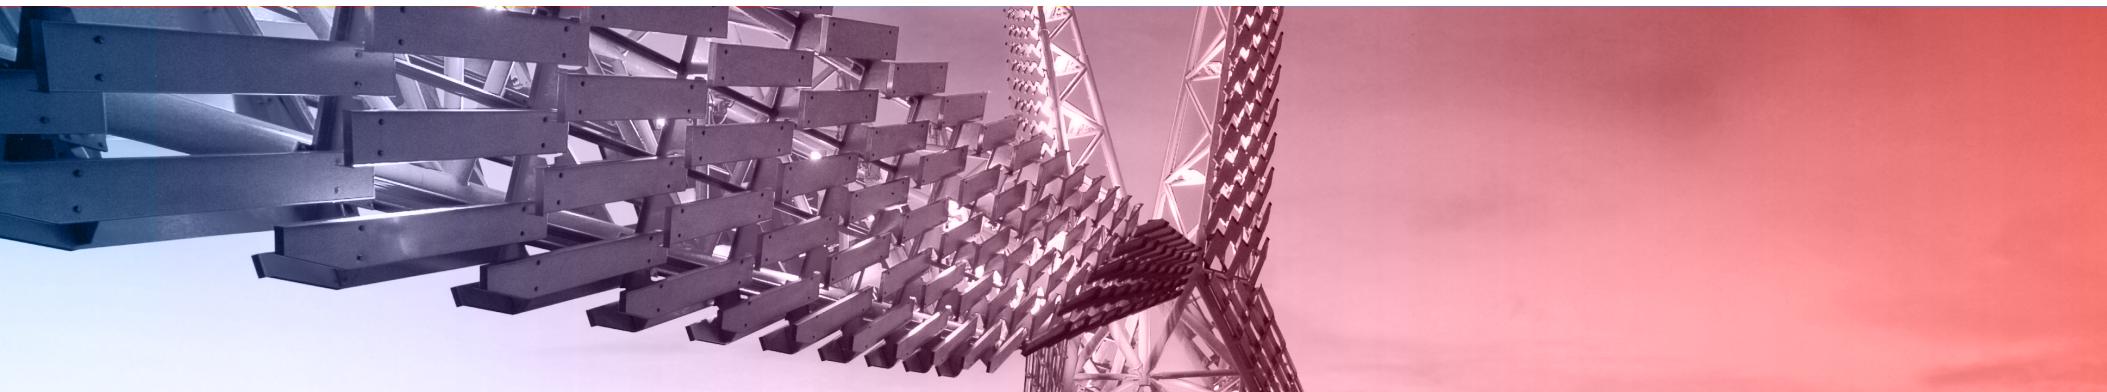

THE MARKET CONDUCT unit's main focus is on regulated entities' and their compliance with state laws – this includes evaluating contractual obligation fulfillment to policyholders/claimants and discovering problems that may be precursors to financial solvency concerns. Market Conduct Exams are conducted to evaluate the insurer practices and operations: company operations and management, complaint handling, marketing and sales, producer licensing, policyholder service, underwriting and claims.

INSURANCE SERVICES OFFICE

The Insurance Services Office (ISO) Division helps the Fire Protection and Services Departments across Oklahoma to benefit residents and businesses by mitigating fire risk and lowering property and casualty insurance premiums. ISO Division provides educational resources and oversite of the risk evaluation process for Oklahoma's Fire Service and community leaders to help them achieve better Public Protection Classification (PPC) ratings. ISO is a for-profit company, part of the larger conglomerate, Verisk, that works with insurance companies and others, rating communities based upon structure fire risk evaluations. These evaluations include emergency communications capabilities, water supply capabilities and Fire Department capabilities including equipment, staffing, training, distribution and method of operations. These evaluations are based upon criteria and codes from the nationally recognized standards of the National Fire Protection Association (NFPA) and the American Water Works Association (AWWA).

STORIES FROM ISO FIELD COORDINATOR, LOIS SPINN

This past year has been very productive and fruitful. I have had the opportunity to assist some notable areas in dramatic premium savings for our Oklahoma citizens and businesses. The Oklahoma City Fire Department, a class 1 department and Yukon Fire Department another outstanding department now have an automatic aid agreement affecting 100's of residents and businesses that have resulted in those areas going from a Class 10 (lowest) to a Class 1 (highest). This effort resulted in estimated savings accumulating into the millions of dollars during the 4 to 5 years current Public Protection Classification. Another area with the same type of condition, falling into a class 10 instead of class 3, this was taken through the ISO system with the assistance of this Division, saving the entire suburban neighborhood many thousands of dollars in premium savings. Working with these fire protection areas to ensure they are credited appropriately, has produced not only the savings with lives and property, but also financial enrichment to their communities.

LEGAL

GORDON AMINI

DIVISION RESPONSIBILITIES

The Legal division provides advice and counsel to the Oklahoma Insurance Commissioner in his official capacity and the Oklahoma Insurance Department. The Legal division also monitors the Oklahoma Receivership Office, provides counsel for the Anti-Fraud Unit and assists all other divisions in carrying out their assigned duties.

AGREEMENT REACHED

The OID discovered that a service warranty association was selling contracts in Oklahoma without a license. After several attempts to stop the entity from writing new policies in Oklahoma without a license, and an examination of the entity, an agreement was reached for a \$100,000.00 fine. The entity also paid tax on all service warranty contracts issued by the company and the refund of unearned premium.

LESSONS FROM THE PANDEMIC

Like all Oklahomans many changes in business practices have resulted from the pandemic.

1. Working on-line in a paperless environment
2. Conducting tele-hearings
3. Continuing services to client divisions within the department with many employees working from home
4. How to prosecute enforcement actions in a virtual environment
5. Maintain correspondence and cooperation in a virtual environment on items of mutual interest and resolution with other state insurance regulators via the National Association of Insurance Commissioners (NAIC)
6. Cooperative responsibilities with other state agencies and boards, such as Police and Fire Firefighters Pension Boards, via virtual meetings
7. Effectively assist the public while totally “on-line.”

MEDICARE ASSISTANCE PROGRAM

RAY WALKER
Director of Medicare
Assistance Program

The Medicare Assistance Program (MAP) provides assistance to seniors, their families and caregivers on matters related to Medicare.

The program is funded by three federal grants through the Administration for Community Living:

- The SHIP grant provides funding for education and counseling about Medicare, Medicare Supplemental Insurance, Medicare Advantage plans and Part D prescription drug coverage.
- The SMP grant provides funding for education on fraud, waste and abuse related to the Medicare program. We also assist beneficiaries if they think they have been a victim of a scam.
- The MIPPA grant provides funding for outreach to low-income seniors who may qualify for assistance in paying for Medicare coverage, including health and drug costs.

Administration for Community Living

MEDICARE ASSISTANCE PROGRAM

LESSONS FROM THE PANDEMIC

In 2020, the MAP Division had to get creative in terms of reaching Seniors amid COVID-19 concerns.

All in-person events were cancelled with seniors being at increased risk, but our team was able to re-tool and we launched our Hoodwinked Fraud Prevention Web Conference in June of 2020. During our virtual web conference, we partnered with the Oklahoma Attorney General's Office, Oklahoma Department of Securities, the Oklahoma Bankers Association and AARP. We are happy to report that our virtual and on-demand meetings to reduce fraud reached a record number of people.

We aggressively worked to share the fraud message through traditional print media, radio, television and social media. We also launched two

distinct campaigns specifically targeting Oklahoma Seniors. *Extra Help* focused on low-income seniors who could benefit from assistance on premiums and drug expenditures.

Our *Preventive Services* campaign focused on encouraging seniors to take advantage of the paid screenings and health checks that are fully covered through Medicare.

In the fall, we again partnered with several agencies and industry experts to tackle changes with Medicare in 2021. We also hosted a virtual town hall to discuss Medicare Advantage Plans, Medicare Supplement Plans, Medicare Part D, Medicare & Employer coverage for those still working.

LEGISLATIVE RECAP

The Government Affairs Division works closely with state lawmakers to assist with policy development at the State Capitol. Our goal is to represent and educate policy makers on key issues that benefit consumers while also fostering a competitive insurance marketplace.

The Department's main focus in 2020 was encouraging more insurance options for consumers, specifically in the health insurance market. It was an interesting year with the COVID-19 Pandemic hitting the legislative process. Key legislation is highlighted below:

HOUSE BILL 3242

Exempts insurers with 5,000 or fewer policyholders from the September 1st premium rate filing deadline for a Medicare Supplement policy.

HOUSE BILL 3864

Changes allocation of Captive insurance premium tax starting July 1, 2020

SENATE BILL 1642

Permits filing a notice of appointment for a producer within 15 days from the first insurance application submitted.

GOVERNMENT & COMMUNITY AFFAIRS

SENATE BILL 1718

This measure requires health insurers to ensure mental health and substance misuse benefit parity.

The measure modifies multiple definitions within the Insurance Code. The act:

- Removes the exclusion of individual plans from the definition of health benefit plan,
- Adds the definition insurer to mean any entity providing accident and health insurance,
- Removes the definition severe mental illness,
- Adds the definition mental health and substance use disorder to mean any condition involving mental health or substance misuse listed in the current International Classification of Disease or the Diagnostic and Statistical Manual of Mental Disorders, and
- Adds the definition mental health and substance use disorder benefits to mean benefits covering services for mental health or substance use disorders.

The measure also changes health benefits policies' coverage of mental health and substance use disorder services from optional to mandatory. Further, the measure removes the exclusion of small employers from the requirement to provide mental health and substance use disorder benefits. Health benefit plans may not impose a non-quantitative limitation on mental health and substance use disorder benefits more stringent than one imposed on medical and surgical benefits.

Insurers must submit to the Insurance Commissioner an annual report documenting criteria to determine medical necessity for mental health and substance use disorder treatment, and all limitations imposed on both mental health/substance use disorder and medical/surgical benefits.

These reports must be made public by June 1 of each year. The Commissioner is directed to publish a report, notify those insurers that do not comply with the provisions of this act.

SENATE BILL 1922

This bill pulled \$6.5 million from the Department's revolving fund to help with appropriations for FY 2021.

PUBLIC POLICY

HOUSE BILL 2742

The Oklahoma Legislature temporarily changed premium tax allocation for the Oklahoma Firefighters Pension and Retirement Fund, the Oklahoma Police Pension and Retirement System, and the Law Enforcement Retirement Fund to provide additional funding to the Education Reform Revolving Fund of the State Department of Education.

SUBCHAPTER 29 is amended due to the passage of HB 2632, codified as 36 O.S. §§ 6858- 6868.

365:25-29-7.1. Retail pharmacy network access -audit

- Adds the standards required by the act for the retail pharmacy network access. Specifically, health insurers are required to audit their contracting PBMs to confirm compliance with the act and provide those audits along with verification of the audit to the Department to confirm compliance. The insurers are required to report situations of inadequate access to the Department. This section addresses the use of mail-order pharmacies for adequacy standards, clarification of the act applying to specialty drugs, and use of pharmacy, hospital or other providers on mail and ID cards.
- Audits must be completed within 90 days of the effective date of 36 O.S. § 6958-6968 and annually each year thereafter. The results of the audits shall be reported to the Insurance Commissioner within 30 days of the completion of the audit.

REAL ESTATE APPRAISER BOARD

CHRISTINE McENTIRE

Director of Real Estate
Appraiser Board

The Real Estate Appraiser Board (REAB) ensures that appraisers and appraisal management companies meet federal requirements.

REAB also approves and supervises continuing education providers, instructors and courses. The Board consists of seven regular members appointed by the Governor for five-year terms. The Insurance Commissioner serves as the ex-officio Chairperson.

LESSONS FROM THE **PANDEMIC**

The Board announced that all previously approved in-person continuing education could be transitioned to an online streaming format without further application. This approval was initially granted through the end of June 2020, but has been extended on a month to month basis in conjunction with Governor Stitt's executive orders.
