For 2022 Coverage Year

ACA Individual Health Insurance Open Enrollment & Special Enrollment Periods (SEP) (Not Medicare Eligible)

- **Special Enrollment Period (SEP) is a 60-day period** that is available to those who meet eligibility such as loss of health coverage. This 60-day period is your opportunity to buy coverage. Otherwise, you will have to wait for the next Annual Open Enrollment Period, Nov.1st through Dec. 15th. If you want coverage without lapse, be sure to visit www.healthcare.gov by the 15th of the month and before your current coverage ends. If your SEP overlaps with the Annual Open Enrollment Period, you may take advantage of your SEP to start your coverage BEFORE January 1st but you will have to re-enroll by December 15th for coverage to start by January 1st. Visit www.healthcare.gov and select Special Enrollment Period on the Home Page.
- **Everyone's coverage runs on a calendar year basis** and everyone has to re-enroll during the Annual Open Enrollment Period which begins every November 1st even if you just applied during your Special Enrollment Period (SEP). The deadline is every December 15th and you will be selecting from one of the plans being offered for coverage effective January 1st. Visit www.healthcare.gov and select Open Enrollment Period on the Home Page. Please note: enrollment end date may be extended one month, be sure to check www.healthcare.gov.
- **For INCOME you will need to indicate your UNEMPLOYMENT COMPENSATION** and any other sources of income. Not all income is counted but **all must be disclosed**. In your packet is a flyer from OHCA that tells you what sources of income are considered and is used federally as well. You don't have to enroll your spouse if he/she already has coverage just include his/her income. But to be eligible for federal subsidies you must file a **joint tax return** for the coverage year and list all taxable household members even if coverage is not needed for them.
- **Special Enrollment Period** (is only for 60 days after you meet eligibility criteria such as loss of health coverage) and **Open Enrollment Period** is every November 1st through December 15th - **ONLY 45 days!** Please note: enrollment end date may be extended one month, be sure to check www.healthcare.gov. The following are the issuers¹ you may select from:
 - **Medica** will offer options both ON and OFF the Exchange in all 77 counties;
 - **BCBSOK** will offer options both ON and OFF the Exchange in all 77 counties;
 - **CCOK, Bright Health, Oscar Health and UHG** are offered in limited counties;
 - **NEW in 2022 coverage year!!** Ambetter and Friday Health Plans, also in limited counties.

¹Issuers are subject to change annually and offer many types of plans that may vary from year to year. It is your responsibility to re-enroll to keep your coverage continuous, however, the same plan you had one year may not be available the next year.

* Federal Poverty Level (FPL) and program eligibility has changed due to Medicaid Expansion effective 7.1.2021.
