annual report

2021

INSURANCE COMMISSIONER GLEN MULREADY

The Honorable Kevin Stitt, Governor of Oklahoma  
The Honorable Greg Treat, President Pro Tempore of the Senate  
The Honorable Charles McCall, Speaker of the House  
The Honorable Cindy Byrd, State Auditor, and Inspector

I am pleased to present the Oklahoma Insurance Department's 2021 Annual Report. In accordance with 36 O.S. § 307, this report summarizes the required financial disclosures and listing of companies doing business in the state of Oklahoma. This report highlights the work completed by the various divisions at the Oklahoma Insurance Department on behalf of Oklahoma consumers.

In 2021, the Department furthered our consumer protection efforts and expanded access to health care. We welcomed two new health insurers to the Marketplace giving Oklahoma consumers more health insurance options and we worked with each division to eliminate out-of-date regulations.

We look forward to continuing these and other consumer protection efforts in 2022.

Sincerely,

Glen Mulready  
Oklahoma Insurance Commissioner

The Oklahoma Insurance Department is accredited by the National Association of Insurance Commissioners (NAIC) until 2025. To achieve this accreditation, the Department must meet stringent national standards that demonstrate financial solvency regulation of insurance companies.

The accreditation principles set by the NAIC allow the Department to better protect consumers and set and maintain the highest standards in financial regulation for Oklahoma's insurance industry.

Commissioner Mulready and the staff of the Oklahoma Insurance Department view accreditation by the NAIC as an important part of our commitment to the citizens of Oklahoma.

### ANTI-FRAUD UNIT IN ACTION

A former Oklahoma insurance agent provided false information on his licensing application. He did so in order to conceal past felony convictions in the State of New York for Grand Larceny and Identity Theft. OID discovered the fraud and revoked his license. Shortly thereafter, he used his childhood friend's personal identity to open a fictitious auto policy in her name. To do so, he used vehicle information on a car once owned by his mother. He paid for the policy with his own credit card. A month later, he reported a fictitious crash with the vehicle. First, he contacted the insurer listing himself as a harmed driver. Next, he reported the crash to the insurer while impersonating the friend as the other driver in whose name the fictitious policy had been taken. He claimed and successfully obtained compensation for bogus vehicle damage and alleged chiropractic injuries. The friend later learned that an accident had been reported against her record and contacted the insurer to challenge the claim. Upon discovery, OID investigators launched a criminal investigation into the matter. Ultimately, the former agent plead guilty to two felony counts of Identity Theft (one in obtaining the policy, one in filing the claim). He received a four-year suspended sentence and two years of supervision under the OK Department of Corrections. He was ordered to pay full restitution, plus fines, fees, and costs.

*While there were challenges the past year created by the pandemic, the ISO Division continued to work with communities and fire departments across the State to improve fire protection services for Oklahomans. We congratulate the Norman FD for their recognition by the Insurance Services Office with a Public Protection Classification (PPC) of a Class 1 making them the 6th fire department in the State with this outstanding achievement. Additionally, the newly formed department of Pecan Creek FPSA took residents from a classification 10 to a Class 6/6Y, providing residents with significant discounts on property insurance premiums. Nearly 20% of the 1,000 fire departments across the State's 77 counties received upgraded PPC's – a testament to the commitment of Oklahoma communities and their fire departments to protect citizens and lower insurance costs. # LEGAL | A YEAR IN REVIEW

Over the last year, the Legal Division has undergone a restructuring and process review resulting in the following accomplishments:

## RESTRUCTURING:

- The Department hired a new General Counsel.
- The Legal Division promoted Teresa Green to Deputy General Counsel and hired three new attorneys.
- Attorneys went from generalized to specialized, bringing more consistency and knowledge to the divisions that the Legal Division serves.
  - The new PBM specialized attorney developed the PBM Compliance Division to address the tens of thousands of PBM complaints received since the Legislature enacted significant regulatory changes.
  - A new counsel was hired as the HR Director to increase customer service to staff and legal knowledge in the HR Division. All HR policies, procedures and training are under review.
- A Call/Inquiry tracking system was implemented to increase accountability, increase efficiency through reduction of duplicated research, and retain institutional knowledge. Attorneys record the questions they receive from internal or external calls in a system that breaks down the type of call by regulated entity type. This allows for timely review of previously researched topics and faster responses.
- Monthly Legal Division team meetings to discuss upcoming hearings, trainings and opportunities for the team as well as a complex legal issue discussions and trend analysis within the industry.
- The Legal Division has incorporated a comprehensive monthly reporting system to track cases and productivity of attorneys and staff.
- All contracts impacting the Department are now tracked and reviewed by the Legal Division prior to execution.

## PROCESS IMPROVEMENTS:

- A court order tracking system was developed to increase accountability, efficiency, and communication about the status of final administrative orders.
- An updated Open Records Request process was developed to increase efficiency and clarity in the Open Records Request process. All Open Records Requests are now submitted online through the newly developed form.
- A Legal Division referral template with instructions was developed to provide clarity to the divisions on what information and documentation is necessary before Legal can process a referral. This provides consistency resulting in increased Department morale due to reduced time processing referrals and quicker attorney response or resolution.
- Legal monthly reports were developed.

# MEDICARE ASSISTANCE PROGRAM

## YEAR IN REVIEW

In 2021, the MAP Division continued to work against the issues created by COVID-19 to reach Oklahoma's senior adults. Though the vaccine has made many individuals more comfortable with social gatherings, seniors have remained more cautious about returning to life as before. We continued to be limited in our abilities to connect directly with our clients because of the ongoing pandemic, forcing us to rely on things like social media and materials provided through home-delivered meals. We are seeing an increase in face-to-face events, and we hope that trend will continue.

We again held our Hoodwinked webinar series to provide education to the senior population on how to protect themselves from becoming a victim of fraud. Our presenters included the Oklahoma Attorney General's Office, the Department of Securities, the Oklahoma Bankers Association, and AARP. This year we were fortunate to add the National Insurance Crime Bureau to our list of presenters.

We continued to promote the MAP program through other media, which included radio, television, and mass transit. Our goal is to encourage seniors to contact us to learn more about their Medicare benefits and the options that are available to them as Medicare beneficiaries, including access to assistance programs available to low-income individuals that can help them with their Medicare premiums, deductibles, and copayments.

Some of the agencies with whom we partner across the state took part in events in their areas that further demonstrated the creativity of these agencies in reaching the people who reside in their areas. Many agencies help drive through events, where various participating agencies lined up along the driveway at a facility so that participants could literally drive through and pick up materials and learn about programs with a minimal amount of exposure.

# GOVERNMENT & COMMUNITY AFFAIRS

**ASHLEY SCOTT**

Government and  
Community Affairs Director

The Government Affairs Division works closely with state lawmakers to assist with policy development at the State Capitol. Our goal is to represent and educate policymakers on key issues that benefit consumers while also fostering a competitive insurance marketplace.

## 2021

### LEGISLATIVE RECAP

The Department's main focus in 2021 was encouraging more insurance options for consumers, specifically in the health insurance market.

Key legislation is highlighted below:

#### SENATE BILL 122

Adoption of the NAIC model law ensures we continue to meet our accreditation requirements and avoid federal preemption by implementing reinsurance collateral provisions of the covered agreements between the United States, the European Union and the United Kingdom.

#### SENATE BILL 529

The Standard Nonforfeiture Annuity Law decreases the interest rate floor level from one percent (1%) to point one five percent (.15%) for Individual Deferred Annuities.

#### SENATE BILL 792

The Bail Bond Omnibus bill allows the Insurance Commissioner to authorize a bondsman exceeding the maximum amount of Federal Deposit Insurance Corporation basic deposit coverage when a state of emergency or disaster is declared.

- The measure also requires bondsmen to deposit cash or other forms of compensation within two business days after receiving such compensation in an established, separate non-interest-bearing trust account.
- Additionally, the measure provides for bonds posted for a petition for revocation of a suspended sentence, a petition for acceleration of a deferred sentence or any violation of a probationary term to be exonerated by operation of law in certain circumstances.
- Premiums for a bail bond shall be considered earned when the defendant on the bond is released from custody and is not incarcerated in any capacity or if the bondsman and the payor of the bond premium has agreed in writing that the purpose of the bond is to secure the transfer of the defendant to another jurisdiction. The payor of the premium or the depositor of any collateral may request the return of any unearned bond premiums.

# GOVERNMENT & COMMUNITY AFFAIRS

## SENATE BILL 887

- Insurance carriers are also authorized to provide reasonable exceptions to the rate of the insurer, rating classifications, company or tier placement, or underwriting rules or guidelines for a consumer who has experienced and whose credit information has been directly influenced by certain catastrophic events outlined in the measure. Applicants for the exception must request the exception in writing.
  - The law authorizes the Oklahoma Automobile Insurance Plan to issue policies of insurance in the name of the plan for the applicants as it relates to equitable apportionment. Participating members shall be liable to the plan for all costs, expenses, and liabilities in proportion to its share of voluntary market premium and must file an annual audited financial statement with the Commissioner.
  - The measure provides for surplus line licensees to be fined \$25.00 per policy, per day for failing to remit the surplus line tax.
  - The measure also creates the Motor Service Club limited lines category for limited line insurance.
  - Third-party administrators shall also be required to notify the Commission of any termination of employment within 30 days instead of 15. Any entity making an application to the Oklahoma Insurance Department as a third-party administrator (TPA) or within 30 days of a change for a licensed TPA shall provide current National Association of Insurance Commissioners Biographical Affidavits and independent third-party background reports from an NAIC-approved vendor on behalf of all officers.
  - The measure changes the licensing fee for limited line producers from \$20.00 annually to \$40.00 biannually.
  - The measure modifies the membership of the Oklahoma Property and Casualty Insurance Guaranty Association and authorizes each insurer to appoint an alternate representative.
  - Any person serving as an alternate representative shall, while serving, have all the powers and responsibilities of the appointed insurer representative.
- Additionally, the Association may use legal postings on its website to satisfy notification requirements. The measure provides for insurance policies issued by members and later transferred to another insurer to be considered to have been issued by a member insurer which is an insolvent insurer in the event that the insurer to which the policy has been transferred.
- Prepaid funeral benefit permit holders are prohibited from changing the name under which the permit holder operates unless they receive permission to do so from the Commissioner. The permit holder must first obtain permission for such a change from the Commissioner 30 days prior to the change. The Commissioner may deny or approve any request to change the name.
  - Certificates of dormancy, as defined by the measure, may be issued by the Commissioner. Dormant captive insurance companies are companies that ceased transacting the business of insurance and have no remaining liabilities. Such companies shall not be liable for any insurance taxes and may possess a total of \$25,000.00 in unimpaired, paid-in capital, and surplus funds. Dormant companies shall be subject to examination by the Commissioner.
  - It modifies the date by which the Insurance Commissioner must make certain reports related to mental health parity provided to the Commissioner available to the public from June 1 to December 31 of each year.
  - It adds electronic payments as a means of payment throughout Title 36.
  - It removes the process in which the Health Commissioner would transmit applications to the Insurance Commissioner for HMO's.
  - The statute repeals language disallowing individuals working for the government (municipality to federal) from obtaining a P&C producer license. It also repeals an advisory board not in use and aligns us with the Statutory Accounting Principles.
  - Finally, the measure adds clarifying language relating to the cancellation of homeowner policies and providing notice.

# REAL ESTATE APPRAISER BOARD

**CHRISTINE McENTIRE**

Director of Real Estate  
Appraiser Board

The Real Estate Appraiser Board (REAB) ensures that appraisers and appraisal management companies meet federal requirements.

REAB also approves and supervises continuing education providers, instructors and courses. The Board consists of seven regular members appointed by the Governor for five-year terms. The Insurance Commissioner serves as the ex-officio Chairperson.

## LESSONS FROM THE **PANDEMIC**

The take-away from the pandemic is the need for flexibility and mobility on behalf of the Board as a professional licensing entity. In December 2020, the Board launched its online licensing system, Open Regulate, allowing appraisers more flexibility in managing their own data, continuing education and applying and paying their annual fees. So long as there are no deficiencies, licensing is automatic and can occur after hours and on the weekends. The system also provides flexibility for staff in that we can work remotely, and we are not necessarily bound to the office in order to issue licenses and conduct other Board business.

# LETTER FROM THE COMMISSIONER

It is my honor as insurance commissioner to present the 2021 Annual Report for the Oklahoma Insurance Department (OID).

I am proud to report that OID had another successful year, despite the ongoing challenges of COVID 19. We continue to focus on our top goals for the department:

- Actively recruit new companies to do business in Oklahoma.
- Provide Oklahomans with more healthcare options.
- Provide a business-friendly environment for insurance companies to domicile in Oklahoma.
- Protect and educate the consumer through on-line webinars.

We welcomed 31 new insurance companies in 2021, pushing our total to 91 new businesses since 2018. We also increased individual agent licensure by more than 6%. Oklahoma went from \$28.7 billion in premiums in 2020 to \$29.1 billion in 2021.

While our agency increased opportunities for the insurance industry in 2021, it also helped to expand plan options for the ACA Marketplace. Oklahoma welcomed two new health insurance companies, joining the existing six carriers.

The Department also made bold moves to protect consumers. In 2021, our Consumer Assistance Division took 13,770 of consumer calls. We also recovered more than \$6.7 million for the Oklahoma policyholders while also reuniting families with over \$20 million in lost life insurance policies or annuities.

We continue to stay focused on our goals while staying true to our mission of protecting the people of Oklahoma. We strive to provide exceptional service while efficiently regulating the insurance industry's market behavior and financial solvency.

Sincerely,

Glen Mulready  
Oklahoma Insurance Commissioner
