## Case Highlight

A licensed insurance agent and another patron simultaneously backed their vehicles from parking spaces at a convenience store and collided in the private property parking lot. The agent’s vehicle suffered damage and he attempted to file a claim against the other driver’s insurance. The claim was denied due to the fault of both parties. The same day the claim was denied, the agent added full coverage to his existing liability policy through his own insurance carrier. The next day, he filed a claim with his carrier listing the same information as before, but this time claimed he had been the victim of a hit-and-run driver. Suspicious, the carrier asked why he had added extra coverage the day before making a claim. The agent told them his lien-holder had required him to do so. When asked for lien-holder information, the agent replied he was, “pleading the fifth.” OID Anti-Fraud Unit investigation determined the agent had filed a false insurance claim in violation of state law. Felony insurance fraud charges were presented for criminal prosecution and the agent was administratively fined with revocation of insurance license. The agent is currently being sought by the fugitive warrant squad of a metro law enforcement agency.

## Note of Appreciation

*“I wanted to take a moment to thank Rick Wagnon and this department for the assistance given to me recently when we discovered that my father’s business was being used to falsely promote an out-of-state insurance agency.*

*Upon discovery, I submitted a complaint to this agency, honestly not expecting much to happen. Rick Wagnon reached out to us and was very understanding and helpful. He explained what needed to be done to protect ourselves and what actions he needed to take. Once he resolved the issue he once again reached out to let us know.*

*A lot of folks complain about the government but my experience with this agency proves what can be accomplished when consumer protections are needed by the citizens of Oklahoma.*

*Thank you and the OID for supporting us and for your help in resolving this issue!”*

## YEAR IN REVIEW

In 2022 the MAP Division was able to participate in more public activities as older adults became more comfortable gathering for health fairs and other events. We increased our social media activities this year as well, knowing that the pandemic had accelerated the rate at which seniors were utilizing the internet. We also increased our contracted network of providers by contracting with four additional area agencies on aging around the state, which will expand our outreach efforts in rural and metropolitan areas of the state.

Our Anti-fraud webinar series took place again this year, providing education to Oklahomans on how to protect themselves from becoming a victim of various types of fraud. We continued partnering with the Oklahoma Attorney General’s office, the Oklahoma Securities Department, the Oklahoma Bankers Association, AARP, and the National Insurance Crime Bureau. In addition to the webinar events, we added two events, held at the Oklahoma Insurance Department, where these same speakers presented to a live audience. Our plan is to continue offering both web-based presentations and live presentations in hopes of reaching more people.

We participated in a wide variety of events this year, from local health fairs to the State Conference on Aging at Crossings Church. MAP has a booth at several Hispanic events including the Integris Hispanic Health Fair and Feria de Salud Primavera. We also presented at several events for Oklahoma’s tribal elders, as well as training tribal staff to provide assistance to their elders. Our outreach efforts included family members and other caregivers who assist older Oklahomans. For example, we presented at four VA Caregiver Support Program events.

We also provided education to the professional community about the services we provide through events such as the Oklahoma Social Work Summit and the Pottawatomie Alliance Community Resource Meeting. Each year, MAP is part of the curriculum for the Oklahoma Aging Advocates Leadership Academy. We also participated in the Oklahoma Tribal Long-Term Services and Support Infrastructure Conference.

## 2022 LEGISLATIVE RECAP

The Department’s main focus in 2022 was encouraging more insurance options for consumers, specifically in the health insurance market.

Key legislation:

### HOUSE BILL 3495

The measure contains three changes to the Unfair Claims Settlement Act. The first ensures that consumers have at least 24 months to file a roof claim for a loss due to wind or hail that is not visible without an inspection. The second, ensures that when an insurer requests a refund of all or a portion of a payment, they must do so within 12 months if recouping from a claimant and 18 months if from a provider. Finally, we updated the HDHP language to address a conflict with the IRS rule related to cost sharing.

### HOUSE BILL 4228

Requires any measure enacted into law relating to a benefit plan must be incorporated into any benefit plan that is issued or renewed on or after the effective date of the act.

### SENATE BILL 979

Authorizes domestic, foreign, and alien insurance companies owned or financially controlled in whole or in part by another state of the United States, a foreign government or any political subdivision thereof to only apply for a certificate of authority as a reinsurer. Such entities must establish and maintain a regional home office in the state as well as maintain a security deposit with a bank located in the state, and employ Oklahomans.

### SENATE BILL 1240

- The measure updates the statutory language for “exempt commercial purchaser” as required by the Consumer Price Index.
- The measure also conforms definitions for “producers” and “motor service club” to reflect existing statutory language as it pertains to motor service clubs.
- It also updates statutory references within the Credit for Reinsurance Act and deletes and modifies obsolete language in the act to comply with federal law.
- The sections impacting health coverage for individuals with Autism are updated to match federal requirements.
- Captive sections are updated with correct citations and clarifying language on dormancy provisions and fees.
- The sections of the uniform health carrier external review act are updated with correct citations.

## 2022

### LEGISLATIVE RECAP (*CONTINUED*)

#### SENATE BILL 1241

- This measure modifies, adds, and updates definitions in the Insurance Business Transfer Act.
- The measure allows either party, the assuming insurer or the transferring insurer, to begin the application process.
- The measure modifies the requirements for notice under the Insurance Business Transfer Act and allows for electronic transfer of notices. The measure updates the requirements for the application of the Insurance Business Transfer Plan, providing more clarification on the process.
- The measure provides statutory updates to the requirements of the independent expert's opinion report.
- The measure modifies the petition process for approval and implementation of the Insurance Business Transfer Plan and modifies the judgment and order requirements. It also allows cases to be heard in District Courts located in counties with a population greater than 250,000.
- An unexpired and in-force policy issued to a policyholder who resides in a state other than Oklahoma will not be transferred and novated until the assuming insurer is licensed in the state of the policyholder's residence.

#### SENATE BILL 1245

This measure expands the list of entities that the Insurance Commissioner is prohibited from having a financial interest in to include any entity that is regulated by the Insurance Department.

#### SENATE BILL 1252

The measure updates statutory language relating to “customer service representative” and “insurance consultant,” in the Oklahoma Producer Licensing Act by requiring these designations to be licensed as an insurance producer.

#### SENATE BILL 1806

The measure provides that a bail bondsman becoming a surety on an undertaking in a particular county will register his or her license with the court clerk and not the county sheriff. The measure also removes the prohibition on a bondsman residing in and officing in the same location. The act strikes the 10-bond limit placed on bondsmen that are not registered in the county. The measure also prohibits any court from issuing an order modifying the terms of a previously set bond unless the order has also been signed by the bail bondsman, bail bondsman surety, or both acknowledging the changes made to the bond prior to the defendant's release. Failure to provide this notice shall exonerate the bond by operation.

#### SENATE BILL 1040

Section 139 of the General Appropriations bill appropriates to the Special Cash Fund of the State Treasury from any monies not otherwise appropriated from the State Insurance Commissioner Revolving Fund (200 Fund) the sum of Seven Million Eight Hundred Thousand Dollars (\$7,800,000.00) for availability of appropriation.

### Did you know?

SERFF Modernization project has been approved by NAIC membership and will begin in March of 2022. It is estimated to be a three year endeavor delivered in multiple phases.

The overarching goal of the modernization is to gain operational efficiencies while taking advantage of technology and innovation opportunities available today. The process improvements envisioned in the transition stages, bolstered by advanced technology solutions, will improve rate and form filing efficacy, which in turn will improve product speed to market. The new system will be easier and more intuitive to use, implement quality control checks to prevent incomplete filings, enhance communications between filers and reviewers, and provide access to data more easily. In the end, filings will be made more quickly and with fewer errors, enabling regulators to review the filings more easily and provide feedback in a streamlined manner captured by the system. The new system will include an improved user interface; modernized technical architecture; better data management to allow for easier reporting and data analysis; and an API layer to allow for easier integration with other partners and tools.

# REGULATE & PROTECT

**Christine McEntire**  
*Director of Real Estate Appraiser Board*

The Real Estate Appraiser Board (REAB) ensures that appraisers and appraisal management companies meet federal requirements. REAB also approves and supervises continuing education providers, instructors and courses. The Board consists of seven regular members appointed

by the Governor for five-year terms. The Insurance Commissioner serves as the ex-officio Chairperson.

## 2022

### REAB RECAP

- Board members and staff attended the Fall Conference of the Association of Appraiser Regulatory Offices (AARO) in Washington, D.C., in October, 2021. Discussions centered around bias and a valuation gap study conducted by Freddie Mac. This study will likely be the basis for future changes to the appraiser professional. Since then, the Board has continued to monitor discussions and changes taking place at a national level.
- Effective September 1, 2021, Board Rules at 600:10-1-7 were modified to remove the requirement for in-person continuing education hours. All continuing education hours may now be taken online in an on-demand format, or by way of virtual education.
- The Board has continued to make improvements to its online licensing system in order to create a more seamless system for appraisers and appraisal management companies.

### Notes of Appreciation

*"I want to thank you for the most efficient licensing process that I have ever experienced. You do an absolutely fantastic job! Thank you."*

*"I just wanted to recognize your staff for going above and beyond customer service. One of your team members had to walk me through the appraiser temp permit process and was so patient. I know she could feel my frustrations. We deal with the state agencies daily and wish we could clone your team. You have a real jewel."*
