## For 2024 Coverage Year

### ACA Individual Health Insurance Open Enrollment & Special Enrollment Periods (SEP) (Not Medicare Eligible)

---

- **Special Enrollment Period (SEP) is a 60-day period** that is available to those who meet eligibility such as loss of health coverage. This 60-day period is your opportunity to buy coverage. Otherwise, you will have to wait for the next **Annual Open Enrollment Period, Nov. 1<sup>st</sup> through Jan. 15<sup>th</sup>**. If you want coverage without lapse, be sure to visit [www.healthcare.gov](http://www.healthcare.gov) by the 15<sup>th</sup> of the month and before your current coverage ends. If your SEP overlaps with the Annual Open Enrollment Period, you may take advantage of your SEP to start your coverage BEFORE January 1<sup>st</sup> but you will have to re-enroll by December 15<sup>th</sup> for coverage to start by January 1<sup>st</sup>. Visit [www.healthcare.gov](http://www.healthcare.gov) and select Special Enrollment Period on the Home Page.
- **Everyone's coverage runs on a calendar year basis** and everyone has to re-enroll during the Annual Open Enrollment Period which begins every November 1<sup>st</sup> even if you just applied during your Special Enrollment Period (SEP). The deadline for coverage effective January 1<sup>st</sup> is December 15<sup>th</sup>. If you miss that deadline, you have until January 15<sup>th</sup> for coverage effective February 1<sup>st</sup>. Visit [www.healthcare.gov](http://www.healthcare.gov) and select Open Enrollment Period on the Home Page. [www.healthcare.gov](http://www.healthcare.gov).
- **For INCOME you will need to indicate your UNEMPLOYMENT COMPENSATION** and any other sources of income. Not all income is counted but **all must be disclosed**. OHCA tells you what sources of income are considered and is used federally as well. You don't have to enroll your spouse if he/she already has coverage just include his/her income. But to be eligible for federal subsidies you must file a **joint tax return** for the coverage year and list all taxable household members (including children) even if coverage is not needed for them.
- **Special Enrollment Period** (is only for 60 days after you meet eligibility criteria such as loss of health coverage) and **Open Enrollment Period** is every November 1<sup>st</sup> through Jan 15th. [www.healthcare.gov](http://www.healthcare.gov). The following are the issuers<sup>1</sup> you may select from:
  - **BCBSOK** will offer options both ON and OFF the Exchange in all 77 counties;
  - **CCOK, Oscar Health, Ambetter of Oklahoma, Medica and UHC** offered in limited counties.
  - **NEW!!! Taro Health Plan of Oklahoma will offer plans in Canadian, Cleveland & Oklahoma Counties**

<sup>1</sup>Issuers are subject to change annually and offer many types of plans that may vary from year to year. It is your responsibility to re-enroll to keep your coverage continuous, however, the same plan you had one year may not be available the next year.
