This chart shows the benefits included in each of the standard Medicare supplement plans. Some plans may not be available. Only applicants first eligible for Medicare before 2020 may purchase Plans C, F, and high deductible F.

¹ Plans F and G also offer a high-deductible plan in some states. With this option, you must pay for Medicare-covered costs (coinsurance, copayments, and deductibles) up to the deductible amount of \$2,800 in 2024 before your policy pays anything. (Plans C and F won't be available to people who are newly eligible for Medicare on or after January 1, 2020.)

- Starting January 1, 2020, Medigap plans sold to people new to Medicare won't be allowed to cover the Part B deductible. Because of this, Plans C and F will no longer be available to people who are new to Medicare on or after January 1, 2020.
- If you already have either of these two plans (or the high deductible version of Plan F) or are covered by one of these plans prior to January 1, 2020, you'll be able to keep your plan. If you were eligible for Medicare before January 1, 2020 but not yet enrolled, you may be able to buy one of these plans.
- People new to Medicare are those who turn 65 on or after January 1, 2020, and those who get Medicare Part A (Hospital Insurance) on or after January 1, 2020.

² For Plans K and L, after you meet your out-of-pocket yearly limit and your yearly Part B deductible (\$240 in 2024), the Medigap plan pays 100% of covered services for the rest of the calendar year.

³ Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that don't result in an inpatient admission.

NEW MEDICARE SUPPLEMENT ENROLLMENT REQUIREMENTS

Beginning September 1st, 2023 individuals currently enrolled in a Medicare supplement will have an annual opportunity to shop for and purchase a Medicare supplement policy with equal or lesser benefits without medical underwriting or preexisting condition concerns. This annual opportunity begins on the beneficiary's birthday and lasts for 60 days.

HERE'S AN EXAMPLE:

Mr. Smith has a Medicare Supplement Plan F that he's had for many years, but he's concerned about his increasing premiums. Because of his declining health he hasn't shopped for another plan because he didn't think he could pass the medical underwriting process. Mr. Smith's birthday is June 11th. As a result of this new rule, Mr. Smith will have from June 11th through August 9th (60 days) to look for a plan with equal or lesser benefits from his current carrier or a different carrier without worrying if he will be denied or charged more because of his past or current health issues.

Beneficiaries who are looking for information about premiums for Medicare supplement plans can contact the Medicare Assistance Program to request a quote for any of the standardized plans in which you may be interested. Call 800-763-2828.
